

# REBELS SEEK NEW APPROACH INTO MADRID

## Continuation of Far-Reaching U. S. Monetary Powers Expected

### EXTENSION OF AUTHORITY IN NEW BILL DUE

Treasury Officials Favor Unlimited Time on Stabilization Fund and Control of Gold Content of Dollar—Foreign Agreement Discussed.

Washington, Nov. 12. (AP)—Treasury officials hinted Thursday that the administration will ask Congress to continue indefinitely its present far-reaching monetary powers.

A bill will be offered in the first few days of the session, one high authority said, extending the government's authority to maintain the \$2-000,000,000 stabilization fund and the President's special powers to vary the gold content of the dollar. Both are to expire Jan. 30 under present law.

The official asserted it had not been finally determined whether the extension would be asked for some fixed period or indefinitely but added that the prevailing opinion of Treasury experts favored unlimited continuance.

This was desirable, it was said, because of this country's participation in the new monetary agreement with France and England.

Under this accord, the three nations are pledged to use "appropriate available resources" to prevent sharp fluctuations in their currencies.

Although any Nation may withdraw from the agreement if its internal economy is adversely affected, no such withdrawal is in sight now.

Since the understanding seems likely to continue for an indefinite period, officials said it appears desirable to extend the life of the stabilization fund indefinitely to assist the United States in carrying out its part of the agreement.

NEW DEAL LEADERS  
SILENT ON NRA, AAA PLANS

Washington, Nov. 12. (AP)—High New Dealers appeared Thursday to have adopted a policy of watchful waiting with regard to current demands from some quarters for constitutional amendment and revival of such experiments as AAA and NRA.

Secretary of Agriculture Wallace told reporters Wednesday that, despite recent demands from a group of farm organization heads that AAA crop control be revived, the administration would not ask the new Congress for control legislation.

"That is a matter for Congress and the farmers," he said.

Wallace left no doubt, however, that he personally believes future events will make "just about everything in the United States" favor "some kind of production control."

Despite the call of farm leaders for re-enactment of the invalidated AAA system of curbing production, Wallace said drought and high prices this year had led many farmers to desire unrestrained production next year.

ACTIVITY FOR  
C.-C. MAPPED

MEMBERS GIVEN LIST OF  
SUGGESTED PROJECTS  
FOR YEAR'S WORK

Twenty-five definite projects or activities for the 1937 program of work of the Vernon Chamber of Commerce are suggested in the referendum being mailed this afternoon to all members of the organization, it was announced Thursday morning by J. L. Eggleston, president.

Ten of the 25 suggested items will constitute the Chamber's major work program for 1937. The 10 items of receiving the largest number of votes, together with additional suggestions which may be submitted by the members, will compose the organization's secondary program.

### In New Role

"I can sing hot, too," was the deft of Mary Lewis, opera star, as she made her debut in a New York night club in her own interpretation of popular songs. Her audience agreed that she could indeed rival the torchiest of the torch singers.

### TWO DIE, ONE IS WOUNDED IN DANCE HALL SHOOTING

Center, Nov. 12. (AP)—Justice of the Peace Alvin Gillespie, 52, and Alcus Lilly, 36, both of Stockman, were killed and Constable Ed Chapman, 60, critically wounded in a Stockman school dance shooting at midnight.

Sheriff J. B. Sample, investigating the shooting, said Lilly appeared at the hall, where an Armistice Day dance was being held, and threatened two young men outside the gymnasium dance hall.

The men reported the incident to officers inside the gymnasium and Lilly was escorted from the dance.

Sheriff Sample said the officers asked Lilly for his gun and the shooting started. Constable Chapman was shot down and Justice Gillespie killed instantly with another bullet.

Chapman drew his pistol and fired at Lilly, who died en route to a Timpani hospital.

Constable Chapman, with five bullet holes in his body, was near death Thursday. Two shots penetrated his right lung.

The Stockman school is 16 miles southwest of here.

NEW BRAUNFELS RACE  
MEET OPENS NOV. 23

New Braunfels, Texas, Nov. 12. (AP)—Four hundred horses will be in the stalls here for the New Braunfels race meet, Nov. 23 to Dec. 3, officials announced.

J. H. Stutta of San Antonio, president of the New Braunfels track, has leased the Comal County Fair Park for four years and the racing season here will inaugurate pari-mutuel wagering in Comal County.

### BROAD STUDY IN MARITIME STRIKE SET

Rear Admiral Hamlet Withdraws From Strike Settlement Negotiations in San Francisco—Consolidation of Inquiries Planned by Wiley.

Washington, Nov. 12. (AP)—The Maritime Commission announced Thursday that Rear Admiral Harry G. Hamlet, who has been conducting the Commission's inquiry into maritime conditions on the West Coast, would withdraw from strike settlement negotiations in San Francisco.

In a statement, Chairman H. A. Wiley of the Commission, said that it "will be necessary" for the Commission to launch a new and broad investigation of the maritime situation on the East and Gulf coasts and that Admiral Hamlet was returning to Washington to discuss the advisability of consolidating these inquiries with that which has been under way on the Pacific.

The statement set out that under the law the Commission must fix minimum wages, manning scales and "reasonable working conditions" aboard American ships.

STRIKE SETTLEMENT SEEN  
BY FEDERAL MEDIATORS

(By the Associated Press)

Federal mediators maintained confidence Thursday the 14-day-old maritime strike could be settled "quickly" despite temporary failure of efforts to bring employers and union leaders together in a resumption of negotiations on fundamental issues of the dispute.

Edward E. McGrady, Assistant Secretary of Labor, said both sides assured him negotiations would be resumed in San Francisco.

"It is obvious the strike must be settled sometime," McGrady said, "and I still think there is a chance to settle this strike quickly."

From New York, however, came the prediction of Joseph Curran, leader of the seamen's strike there, that the walkout would be expanded with members of three more organizations quitting work. Several Eastern employers questioned the strikers' claims to the effectiveness of the walkout, saying 22 ships cleared port Wednesday.

A strike which started at the Bethlehem shipbuilding plants in San Francisco and Oakland spread to San Pedro, Calif., where 300 men employed by the Bethlehem and Los Angeles shipyards voted to strike Saturday noon in support of demands for wage and hour adjustments and union recognition.

Seattle and Olympia waterfronts were active under a 48-hour truce called to permit teamsters to remove "fair" cargo unloaded before the strike was called. The truce ends at 8 a. m. Friday.

Alaskans, forced to rely on air-transportation to the United States, were isolated when storms grounded all planes. At Juneau, hot cake and waffle lovers were disappointed when restaurants posted notices only one spat of butter would be served because of the maritime strike. Waffles will not be served because they require too much butter.

BELL RITES AT  
CROWELL TODAY

Funeral services for Mr. and Mrs. J. W. Bell, prominent Crowell County pioneers who were killed in an automobile collision eight miles north of Vernon Tuesday afternoon, will be held Thursday afternoon at 2:30 o'clock in the First Methodist Church of Crowell. Rev. J. H. Hamblen, newly appointed pastor of the Abilene Methodist Church, will officiate. He will be assisted by Rev. George E. Turrentine of Crowell. Interment will be in the Crowell cemetery.

Natives of North Carolina and Georgia, respectively, Mr. and Mrs. Bell had been residents of Texas and Crowell County for many years. Mr. Bell had been prominent in business and agricultural activities during that time.

JURY SELECTION STARTED  
IN FORGERY TRIAL HERE

Selection of a jury was started in Forty-sixth District Court this afternoon for the trial of Mrs. Nellie Harvey, alias Mrs. Thomas McNeal. She is charged with forgery in the passing of several checks at Vernon business establishments drawn on the Marathon Oil Company.

### Fastest Destroyer Put Into Service by U. S. Navy

Said to be capable of greater speed than any destroyer in the United States Navy, the U. S. S. Reid was commissioned for service at the Brooklyn Navy Yard, where it is pictured floating beside the U. S. S. Mahan. The Navy's new greyhound is named after Captain Samuel Chester Reid, hero of War of 1812.

### DEATH TAKES GEORGE MOORE

BITES SAID AT CROWELL  
FOR PIONEER FOARD  
COUNTY FARMER

Crowell, Nov. 12. (AP)—Funeral services for George Moore, 61, resident of the Thalia community for the past 48 years, were conducted Thursday morning at 10:30 o'clock in the Methodist Church here by Elder R. L. Colley, minister of the Vernon Church of Christ. Interment was in the Crowell cemetery. Mr. Moore, a farmer, died late Wednesday morning in a Crowell hospital following illness of several weeks. He recently underwent an operation at a Quana hospital.

Surviving are the widow, three daughters, Miss Ina Moore of Vernon, and Miss Lillian and Verna Veri Moore of Thalia; a brother, Henry Moore of Odessa, and three sisters, Mrs. Mattie Ramsey and Mrs. Ophelia Hall of Spar and Mrs. Susie Minerly of Denton. A brother, M. E. Moore of Thalia, died July 26.

Mr. Moore was born July 25, 1875, in Kentucky and came to Denton County with his parents in 1885. Three years later they settled in the Thalia community where Mr. Moore had since resided.

The Crowell Odd Fellow lodge was in charge of rites at the cemetery.

### COTTON RECEIPTS GAIN AT PORT OF GALVESTON

Galveston, Nov. 12. (AP)—Receipts of cotton at this port now exceed 1,000,000 bales, the Galveston Cotton Exchange and Board of Trade report. Foreign export is nearing a half million bales and, since the start of the new cotton year Aug. 1, shipments have been steadily ahead of last season.

The large increase in receipts and shipments this year is due to contracts signed last Summer between the Cotton Concentration Company and various Texas and Oklahoma units of the American Cotton Cooperative Association, under which their cotton is routed through here, the Exchange reports.

Receipts at Galveston through Nov. 6 were 1,019,525 bales, against 829,683 the corresponding date last year. Houston's receipts for the like period were 749,908 bales, compared with 839,988 the same date in 1935, while receipts at New Orleans total 938,571 against 884,058 bales in the corresponding period last year.

Foreign exports from Galveston are 495,646 bales, and 227,432 last year. Coastwise shipments to date are 45,515 bales against 23,788 last year, with a grand total shipment of 539,161, compared with 251,220 bales in the same period of 1935.

### TEXTILE BUSINESS GAIN NOTED IN STATE SURVEY

Austin, Nov. 12. (AP)—The University of Texas Bureau of Business Research reports continued improvement in the cotton textile industry in September.

Consumption in 12 mills was 4,390 bales against 2,741 in September last year, an increase of 60.2 per cent. Its report says. Production was 4,861,432 yards, an increase of 60.9 per cent. Sales totaling 4,531,697 yards was a gain of 11.4 per cent. Unfilled orders of September 30, 8,947,109 yards, was an increase of 72.3 per cent over the same date last year.

### OUTLOOK FOR HEART ATTACK ST. LAWRENCE WATERWAY STUDIED

Washington, Nov. 12. (AP)—After studying the composition of the next Senate, friends of the St. Lawrence Waterway said Thursday that prospects for ratification of a Canadian-American treaty providing for the project are much improved.

A proposed treaty calling for international cooperation to complete the deep water channel from Great Lakes cities to the Atlantic was rejected in 1934 by the Senate of the Seventy-third Congress.

But officials of the Great Lakes-St. Lawrence Tidewater Association, which numbers men from 21 States among its membership, say several Senators who opposed ratification in 1934, will be missing from the next Senate.

Moreover, association officials declare they already have commitments favoring ratification from a number of the new Senate members and they believe several others who were swept into office with the tide of votes which reelected President Roosevelt will follow his leadership.

They are counting upon the President to submit a revised treaty early in the session.

### NEW MACHINE GIVEN BOOST

OBSERVERS PRAISE WORK  
OF INVENTION AS AID  
TO FARMERS

The furrow-damming machine, which will be demonstrated Friday on the Judd farm, five and one-half miles southeast of Vernon, is, according to persons who have observed it in operation, a long step toward the solution of the water and soil conservation question. The farm is one-half mile west and one-half mile north of the Box School.

When in operation the machine gathers dirt along the furrow and deposits it to make a dam every six to 12 feet. It can be attached to any type of lister. The dams check water which would ordinarily run off after a hard rainfall, thus giving the water sufficient time to be absorbed into the ground.

According to the inventors of the machine, its simplicity of construction and the ease with which it may be operated make it practical for use by every farmer.

Plans for the manufacture of the "furrow-damners" have not been completed, but it is thought that it will be possible to construct them at low cost.

### SPEAKING ENGAGEMENTS OF FARM LEADERS ANNOUNCED

Washington, Nov. 12. (AP)—Speaking engagements in widely separated parts of the country before important farm groups for the two top ranking Administration farm leaders were made public Wednesday at the Agriculture Department.

Secretary Wallace will talk Saturday before the annual convention of the National Grange at Columbus, Ohio, Monday he and H. R. Tolley, chief of the Agricultural Adjustment Administration, will speak at a National meeting of Land-Grant College and Extension leaders at Houston, Texas. Tuesday they will appear before the Arkansas State Farm Bureau Federation meeting at Little Rock, Ark.

### MANY MAY ET BID TO JOIN NEW BLOC

Vienna, Nov. 12. (AP)—Italy, Austria, and Hungary—already bound together by economic and financial pacts—are building a tripartite front regarding Bolshevism, Spanish Socialism and the League of Nations, informed sources disclosed Thursday.

A foreign office spokesman said an Italo-Austro-Hungarian agreement, coupled with a possible bid to Germany to join the bloc, was on the agenda for ensuing sessions of the current conference among the three nations.

The Spanish situation, the spokesman declared, would come up. It was rumored in diplomatic quarters that recognition of the insurgent government in Spain was possible should the Socialist Administration fall.

Responsible sources also asserted a consensus would be sought against Communism. The proposal was advanced, well-informed quarters said, in the hope of attracting Germany to the group of Central European powers.

### AUSTRIA AND HUNGARY FAVOR ITALIAN PROGRAM

Vienna, Nov. 12.—Marking the first day of the tri-power conference between Austria, Hungary, and Italy were the following developments: Austria and Hungary became the second and third nations, preceded only by Germany, to recognize Italy's conquest of Ethiopia, and Baron Frederik von Wiesner, personal representative of Archduke Otto, Hapsburg claimant to the Austrian crown, announced that Mussolini had approved the young monarch's restoration to the throne.

The developments of the first day of the conference indicated to closely watching diplomats that other talks to follow may reshape political conditions and even territorial lines and boundaries in troubled Central Europe.

It is understood that Austria and Hungary will be compensated for their recognition with special commercial privileges in Ethiopia and is feared that Mussolini may insist on a restoration to Hungary of territory from which Czechoslovakia was formed at the close of the World War. Such a course, say observers, might bring disaster to any hopes for European peace.

### ARSON DEATH CHARGE FILED

FORMER FEDERAL EMPLOYEE  
HELD UNDER \$5,000  
BOND IN SLAYING

Longview, Nov. 12. (AP)—Constable E. W. Rochelle of Kilgore filed a charge of murder with malice aforethought in Justice Court here Thursday against R. L. (Bob) Knight in the death Sunday of Joseph M. Whitworth, former insurance salesman.

Whitworth's charred body was found in the ruins of Knight's home in Kilgore. The complaint charges Knight with striking Whitworth with an instrument unknown.

Knight, former employee of the Division of Investigation, Department of the Interior, remained in jail here after \$5,000 had been set by Judge D. S. Meredith in habeas corpus proceedings Tuesday.

Whitworth's wife identified the body by a patch she had sewed on his trousers.

Knight worked for the Government for six months in 1933 and 1934.

### COMMISSION HEARS REQUEST FOR NEW RADIO STATIONS

Washington, Nov. 12. (AP)—The Communications Commission was asked Wednesday to grant permits for construction of new radio stations in Austin and Brownwood, Texas.

Former State Senator R. A. Stuart, Fort Worth, testified he and two associates—R. B. Anderson, State Tax Commissioner, and Professor A. H. Walker, Jr., of the University of Texas—believed the State Capital and adjoining area would be served better by their proposed 500 watt station than by the existing station. The application requested broadcasting time not now used by WTAW, Texas A. and M. College Station.

H. F. Mayes, Brownwood newspaper publisher, and Bernard Hanks, Abilene Publisher, outlined the need for a 100 watt station they propose to erect in Brownwood. The radio would be operated by Mayes, although Hanks said he and Houston Hartie, San Angelo publisher, together own about 75 per cent of the stock of the Brownwood Broadcasting Company.

An attorney for Station KGKL, San Angelo, opposed the Brownwood application.

### NEW CATALAN SHOCK TROOPS AID DEFENSE

Insurgents Strike at University City—River Barrier Missing on New Front—Weather Prevents Fascist Planes Aiding in Attack.

Madrid, Nov. 12. (AP)—Insurgent armies struck viciously at Madrid's most vulnerable approach in a driving rain Thursday.

They attacked University City, on the northwest, apparently the key to their whole advance. This section, on the city's outskirts, is not defended by the Manzanares River, which has so far been a barrier to Madrid from the southwest.

Buenaventura Dirruti, commander of the Catalan shock troops, told The Associated Press that 2,000 additional Catalan reinforcements would reach Madrid Friday and Saturday, bringing to 6,000 the fighters from that autonomous province who are aiding in the Madrid defense.

The noted Anarchist, who has refused military rank of any kind, said he was "well satisfied" with developments.

Moving up through Casa Del Campo, the former canal preserve across the river on the west, the insurgents met a violent artillery barrage.

Cannon roared throughout the night. Machine gun and rifle fire broke the sudden silence when the big guns ceased.

The bitter struggle for the easiest road into the capital was rapidly approaching a climax.

The rail and the low ceiling kept warplanes out of action, but the rival guns kept pounding positions spotted by lightning flashes during the night.

Several fires, set off by the artillery bombardment in the city, were put out by the rain.

Fascist commanders halted a surprise attack in the northwest sector as the insurgent drive encountered strong resistance from an international legion blocking the entrance through northern University City.

The onslaught started shortly before midnight but died down a few hours later although Fascist and Socialist guns diminished fire there from the southwest.

At shells crashed into Madrid from some batteries, other gun emplacements were vacated and the cannon moved forward.

Insurgent troops in the front line trenches around the Manzanares River bridge on the Madrid-Toledo highway could see the death-dealing gun muzzles 200 or 300 yards in front of them.

Government gunners labored feverishly to return the vengeful fire. White hot shells from the Socialist guns streaked across the dark sky while red glares from unceasing fires illuminated the Rosales district north of the northern railroad station.

"OPEN SALOON"  
SUIT IS HEARD

CONVICTION IS SET ASIDE  
IN HOUSTON CASE BY  
APPEALS COURT

Austin, Nov. 12. (AP)—The Texas Court of Criminal Appeals Thursday set aside the first "open saloon" convictions which had come before it.

The cases were those of J. Weinberger, Louis Stewart and Fred Barrow, all of Houston. The controlling opinion was written in the Weinberger case.

"The averment," the court said, "that Weinberger operated an open saloon and was directly or indirectly interested in the operation of an open saloon is but the legal conclusion of the pleader. No fact or facts are stated which would bring the place within the statutory definition of an open saloon. In order to charge an offense, it is necessary to allege sufficient facts to show that the place alleged to have been operated by him comes within the statutory definition of an open saloon."

The Texas Liquor Control Act, adopted last year, prohibits the open saloon.

Dan E. Curtis and L. Bowers, Tarrant County men charged with operating a dog race track, were ordered freed but the court did not rule on legality of dog race betting.

Panhandle Pioneer Dies.

Hereford, Nov. 12. (AP)—W. B. Dameron, 84, Panhandle pioneer, died here Wednesday. Survivors include Mrs. W. C. Witherspoon, Dallas; Mrs. Jack Lester of Amarillo and Laban G. Dameron of Denver, Colo.

# 1937 CARS GO ON DISPLAY

TRAILER EXHIBIT CLAIMS MOST ATTENTION AT ANNUAL AUTO SHOW

New York, Nov. 12. (AP)—Dazzling, burnished until a lady could powder her nose using the hood for mirrors, the 1937 motor car models have been unveiled at the National Automobile Show with great ado about over-drives, hypoid gears, recessed buttons on the instrument panel and other things which tempt a man to part with his money.

There's more power in proportion to weight, more room in the interior, rubber covers for running boards fitted to match the body and, in one manufacturer's output, a system of "floating" the body on the chassis with rubber cushions.

But the part of the show where the customers stood three-deep was the fourth floor trailer exhibit. Home sweet home has been put on a hall bearing-and rubber foundation. The more ambitious of the 24 manufacturers exhibiting free-wheeling cottages have produced parlor, bedroom, kitchen and bath for the motor nomads.

Here is a glimpse of the machines in the lowest price range:

Plymouth—The front seat measures 48 inches. Five different kinds of insulation are used to reduce noise such as the familiar "drumming" of the steel body. Soft-roll upholstery is intended to prevent injury to rear seat passengers in sudden stops. An improvement in design has eliminated the metal post between the vent shield and window proper when the front window is down. The body is mounted on rubber "struts" attached to the frame, and adaptation of the Chrysler "floating power" engine mounting.

Ford—Styled generally after the Lincoln Zephyr, the 1937 Ford offers motors of two horsepower, 60

and 85. The newcomer, of course, is the 60 h. p. and the car so powered will sell well under the regular 85 h. p. models. Two other new features characterize the 1937 fords, the one-piece, all-steel top and a cable-and conduit braking system.

## ELECTION OF DIRECTORS FOR C. OF C. DISCUSSED

The nominating committee of the Vernon Chamber of Commerce met Thursday morning in the Chamber's offices in the Courthouse to complete preliminary work in connection with the annual election of five directors by mail before the annual banquet on Jan. 12.

The five directors whose terms expire in January and who will be replaced by those chosen in the annual election are C. Fred Russell, J. H. Cope, W. D. Curtis, T. E. Davis, and J. Foreman.

Attending Thursday morning's meeting were Walter Hofmann, chairman of the committee; J. J. Cockrell, C. M. Ladd, R. H. Nichols, and secretary L. A. Wilson. The Chamber's housing committee was scheduled to meet at 4 o'clock Thursday afternoon to consider plans for the campaign to improve the business section of the city under the terms of the National Housing Act.

## JUNIOR LIVESTOCK SALE SET AT CENTENNIAL

Dallas, Nov. 12. (AP)—Auctioneers will begin Thursday night sale of entries in the junior live stock show at the Centennial.

The auction will continue tomorrow. A chamber of commerce committee organized the sale to convince farm club boys a fine market exists for fine meat and herd cattle.

Negro Talks at Fair.

Dallas, Nov. 12. (AP)—Centennial officials said Thursday Arthur Mitchell of Chicago, only Negro member of Congress, would be invited to address members of his race at the Centennial's last Negro Day, Nov. 19.

## VERNON

Midnight Show Saturday

And SUNDAY—MONDAY

Plan to attend the midnight preview of "The Great Ziegfeld"..... Free

Admiration Coffee And Doughnuts!

Due to the extreme length of "The Great Ziegfeld" (3 hours and 4 minutes) we urge you to see it from the beginning.....

FEATURES START AT 1:10 — 4:24 — 7:35

## Edward Shopping With Mrs. Simpson

The personal interest taken in Mrs. Wallis Simpson by King Edward VIII is unquestionably shown in this recently discovered picture showing him (left) emerging from a store with her (right) and a friend during a shopping tour.

## O'NEILL WINS NOBEL AWARD

AMERICAN DRAMATIST IS HOLDER OF THREE HIGH PRIZES

Stockholm, Sweden, Nov. 12. (AP)—Eugene O'Neill, the American playwright, Thursday was awarded the 1936 Nobel prize for letters.

Thrice winner of the Pulitzer prize—the only American dramatist to hold that distinction—Eugene O'Neill, by Thursday's award, became America's second Nobel prize-winner in letters. Sinclair Lewis was the first.

At 48, O'Neill joins the company of Anatole France, Thomas Mann, Tagore, Maeterlinck and Rudyard Kipling, one of his first literary idols.

A product of Baker's famous "47 workshop" at Harvard and of the American Little Theater movement, O'Neill first won the Pulitzer prize with his play "Beyond the Horizon" in 1920, "Anna Christie" in 1922 and "Strange Interlude" in 1928.

He was last reported working on an encyclopedic saga of American life—a cycle of eight plays chronicling the 125-year drama of an American family through five generations.

In announcing the stupendous task, the theater guild called it "the most ambitious and most interesting ever undertaken by any modern playwright."

The saga, the announcement said, would portray the family from 1829 to 1932, in New England, New York, the Pacific Coast and the Middle West.

One of the most prolific of modern playwrights, with nearly two score productions to his credit, O'Neill's art first budded in Provincetown, Mass., then moved to MacDougal Street in New York's Greenwich Village, and finally to Broadway and "the road."

"The Emperor Jones," established him as a front-rank dramatist. Seldom has a playwright had more kaleidoscopic experience. O'Neill has

roamed the world—South America, Africa, Europe, the Far East. He has been penniless in Buenos Aires; he has lived in a luxurious French chateau.

His present home, with his third wife, the former Carlotta Monterey, is on an island off the Georgia coast.

## LABOR BOARD SPLIT AIRED

Tampa, Fla., Nov. 12. (AP)—The American Federation of Labor executive council was said Thursday in usually well informed quarters to be split, nine to eight, in favor of expelling John L. Lewis, president of the United Mine Workers, and his

10 rebel unions from the Federation. The council suspended the 10 unions two months ago for setting up the Committee for Industrial Organization to try to bring all the workers in each big industry into one big union. Nearly all the council members believe in organization by craft.

The nine-to-eight division was disclosed after a council member sound ed at the sentiment of the other 16. When the council assembled Saturday for a pre-convention meeting, the expulsion issue may not come to a vote. Several bitterly anti-Lewis leaders are considering introduction of an expulsion resolution when the convention starts next Monday. The council may leave the question to the delegates.

GREEN DENIES PLOT IN MINE UNION OUSTER

Washington, Nov. 12. (AP)—Facing reprisals by his former colleagues in the United Mine Workers, William Green denied Thursday that he conspired to have the mine union thrown out of the American Federation of Labor.

The charges of "conspiracy" were hurled at the Federation president by the executive board of the mine union, recently suspended from the Federation with nine other unions for "rebellion."

The U. M. W. executive board, headed by John L. Lewis, summoned Green as a mine union card holder to stand trial before it next Wednesday. Green indicated he would not be present because he must attend the Federation convention at Tampa, Fla.

But he wrote that his more than 30 years of service in the Mine Workers Union were a refutation of the charges against him.

Doctors at Charity Hospital said the infant, apparently was about eight days old and in good health. It weighed six pounds and three ounces.

Most insistent of those seeking the child was Mrs. Louis E. Crawford, wife of a Works Progress Administration employe making \$28.25 a month.

Mrs. Crawford said she ran from the porch of her one-room cabin home near Pearl River late Tuesday to take the infant from "a great big, brindle dog." She said the animal was carrying it through the woods in his mouth and that the child was wrapped in a coarse swaddling cloth.

Welfare workers brought the baby to the hospital here over the protests of Mrs. Crawford.

"I found that baby," she said, "I saved his life. I'm not going to give him up. I'll move heaven and earth to get him back."

Mrs. Crawford has two sons of her own, one aged four and the other two.

Thief Gets \$150.

Dallas, Nov. 12. (AP)—W. H. Carlin of Tyler reported to police Thursday he was slugged and robbed of \$150 as he left a tavern. Carlin told officers he was uncertain whether the blow was dealt by a woman companion who he met a short time before, or a footpad who stole up behind him.

Democrats To Celebrate.

Dallas, Nov. 12. (AP)—Sponsors said they expected Vice President John Garner to preside at the Democratic victory jubilee day at the Texas Centennial Exposition Nov. 23.

Goitre is unknown in Japan.

# Daily Markets

(BY ASSOCIATED PRESS LEASED WIRE)

## COTTON

New York, Nov. 12. (AP)—Cotton futures opened steady, 2 to 7 points decline on lower Liverpool cables which was partly offset by active trade buying. Dec. 11.67; Jan. 11.62; March 11.62; May 11.63 July 11.64; Oct. 11.11.

Trading was active with local and New Orleans selling supplementing hedging. Part of the offerings came from foreign sources although Liverpool and the continent seemed to be buyers on balance. Trade price fixing especially in December was quite heavy as prices sold to new low levels for the movement.

The large crop estimate of 12,400,000 bales issued Monday seemed to be influencing sentiment, apparently offsetting the favorable domestic trade outlook. The New York Cotton Exchange service estimated October cotton consumption at 642,000 bales which would compare with 630,000 in September and 553,000 in October last year.

Good progress in picking and ginning the crop in the eastern belt during the past week was reported by the Weather Bureau but rains delayed harvesting in Mississippi and Arkansas.

Liverpool reported active profit taking and further liquidation. Local prices were 2 to 7 points net lower at the end of the first half hour. March eased from 11.63 to 11.59 and was later quoted at 11.60.

Futures closed barely steady, 4-16 lower.

Dec.	Jan.	Mar.	May	July	Oct.
11.57	11.62	11.60	11.65-66	11.51	11.51
11.62	11.62	11.51	11.51	11.51	11.51
11.62	11.64	11.52	11.54	11.51-54	11.51-54
11.63	11.63	11.51	11.51-54	11.51	11.51
11.64	11.64	11.51	11.51-54	11.51	11.51
11.64	11.64	11.51	11.51-54	11.51	11.51
11.64	11.64	11.51	11.51-54	11.51	11.51
11.64	11.64	11.51	11.51-54	11.51	11.51
11.64	11.64	11.51	11.51-54	11.51	11.51
11.64	11.64	11.51	11.51-54	11.51	11.51

Spot steady; middling 12.10.

New Orleans, Nov. 12. (AP)—Trading resumed on the cotton market today and in early dealings losses averaging 25 cents a bale were marked up against options.

The lower trend was attributed almost entirely to poor foreign markets. Liverpool came in lower than due and in late dealings on the English market was holding at net declines.

At New Orleans Dec. opened off 5 points at 11.65. Jan. was down a similar amount at 11.55, while March at 11.56 and May at 11.56 were 5 to 6 points off.

Over the holiday little developed to change the price trend. Weather was favorable for the tail-end of the harvesting, aside from scattered rains in the north central belt.

The trade felt most of the contract offered at the opening and in early dealings at New Orleans, but were only interested at price concessions under Tuesday's close.

Liverpool, Nov. 12. (AP)—Cotton 5,000 bales, including 600 American. Spot, moderate business done; prices six points lower; quotations in pence: American, strict good middling 1.58; good middling 1.53; strict middling 1.48; middling 1.43; strict low middling 1.38; low middling 1.33; strict good ordinary 1.28; good ordinary 1.23. Futures closed steady. Dec. 6.52; Jan. 6.51; March 6.49; May 6.45; July 6.49; Oct. 6.14.

## PISTOL DEATHS LABELED AS MURDER AND SUICIDE

Texarkana, Nov. 12. (AP)—Justice H. L. Perry officially labeled Thursday the pistol deaths Wednesday of Mrs. Fannie Fomby, 20, and Harold Brady, 21, of Maud, Bowie County, as murder and suicide.

The two were found in a boarding house here. Four bullets killed the woman. Investigators found a pistol beside the man. He had been killed by a bullet through the head.

Sheriff Henry Brooks said Brady had made another attempt on the woman's life. Sheriff Brooks said Brady locked the doors of a tourist cabin here 10 days ago and turned on the gas. The officer said the woman's screams brought the aid of camp attendants.

Brooks said Mrs. Fomby was separated from her husband, Hubert Fomby, also of Maud, several months ago and Brady opposed reconciliation. He said Mrs. Fomby's husband visited her Monday night and left a pistol so that she might protect herself.

This gun, the Sheriff said, was found in a drawer of the room in which she died.

# Going Forward

WITH OUR FARMER FRIENDS

The farm situation in America is undergoing a mighty change. Our farms produce more food than our people can eat and other nations are buying less of us.

Finding new industrial uses for our farm products is one answer to the problem. Controlled production, diversification, and soil conservation, give other answers. A new future is in the making for the farmer.

This bank is taking an active interest in agricultural progress. We are working in every possible way to promote greater prosperity for the farmers of this section. Let us cooperate with you.

VERNON, TEXAS

## Crowds Jam Auto Show; Orders for New Machines Up

New York, Nov. 12. (AP)—The new at the national automobile show is not cars. It's crowds.

As a tariff of 50 cents in the afternoon and a dollar at night. Spacious Grand Palace is jammed. The visitor lucky enough to find space enough to stand in is tempted to ask or a lease for the duration of the 80-day show.

And, more important, the management observed today that those dividend announcements on the front pages of the nation's newspapers of late seem to be reflected in the orders for new automobiles.

The trailer exhibit—this is the first year it has had a floor in the show—was full of people getting in and out of houses on wheels which were vest pocket counterparts of cottages and mansions.

The biggest attraction in this section is the "land yacht," made by the Arrow Car Co. of Detroit. Seating 16 passengers and sleeping six, this Arrow, Texas, are visiting in the home pullman of the pavements measures of Mr. and Mrs. T. M. O'Steen.

# MORAL DECLINE IS DISCUSSED

## SEMINARY HEAD DEPLORES INCREASE IN PRISON POPULATION

Mineral Wells, Nov. 12. (AP)—While the educational plan is rapidly ascending in America, the moral and spiritual plane is falling, Dr. H. W. Tribble told the Baptist General Convention of Texas Thursday.

Dr. Tribble, head of the Baptist Seminary at Louisville, deplored the tremendous increase in prison population the last decade and the fact that the American crime bill exceeds \$15,000,000 annually.

"Despite the existence of more than 500 organizations working for the welfare of the youth in this country, there are more criminals than ever before," he said. "The reason for this condition is a lax moral and spiritual thinking. It is the task of our seminaries to turn out preachers who will educate youth in the ways of Christian living."

Dr. Tribble commented that of the army of unemployed roaming the country, or discouraged by inability to make places for themselves in the economic field, 6,000,000 of them are recent graduates of high schools and colleges.

His warning that the future of Baptist mission work was largely educational, came after A. D. Joreman, Jr., of San Angelo, reported the church has more than \$2,000,000 invested in institutions for dispensing theological education at Fort Worth, \$3,500,000 at Louisville and nearly \$500,000 at New Orleans.

## TRAIN WRECKS DELIBERATELY PLANNED, OFFICIAL CLAIMS

Shreveport, La., Nov. 12. (AP)—Three trainmen were injured in the wreck of two L. and A. freight trains, both said by representatives of the railroad to have been deliberately planned, late Wednesday and early Thursday.

The wrecks occurred at widely separated places, one being caused by removal of angle bars and spikes from the rails and the other by a "cocked" switch.

Injured were Engineer W. M. Johnson, Fireman T. H. Bost and Brakeman Joe Jacobs, all of Shreveport. They were brought here for hospitalization. None was said to be seriously hurt.

The derailments occurred just before a conference at Baton Rouge in which Governor Richard Leche was seeking to adjust differences between representatives of the Railroad and of the four brotherhoods who called the strike.

Officials of the road laid the derailments to the pulling out of spikes and angle bars on the mainline three miles south of Springfield in one of the wrecks and tampering with a switch in the other near Jamestown, 50 miles away.

## Entire Cabinet May Resign in January

Washington, Nov. 12. (AP)—President Roosevelt's entire cabinet may resign before his second inauguration next Jan. 20—but that's just an old cabinet custom.

With conjecture rife concerning the probable makeup of the next cabinet, a White House attaché expressed belief the 10 present cabinet officers would tender their resignations near the close of President Roosevelt's current term "as a matter of delicacy," thus leaving him free to reappoint whom he desired.

At the State Department, however, experts on precedent said neither Ambassadors nor Ministers would submit resignations inasmuch as the election produced no change of Administration.

## HERE, THERE AND YONDER

### New Ford Coming.

A. S. Garlington, sales manager, and Hank Streit, salesman, of Johnson-Davis Motor Company are attending a Ford sales meeting in Dallas. A preview of 1937 Fords is to be held at the meeting. The new models will be displayed by dealers Saturday.

### Duck Season Opens Nov. 26.

Open season on waterfowl this year will open on Nov. 26 instead of Nov. 15 as previously announced. The season continues through Dec. 25 and includes wild ducks of all kinds with the exception of wood duck, canvasback, ruddy duck, and redhead duck. It also includes geese and brant. The shooting period on all types of waterfowl is from 7 a. m. to 4 p. m.

### Anniversary Sale Opens.

What was expected to be the largest livestock sale of the year got under way Thursday morning at the Vernon Live Stock Sales Commission Company's auction ring on North Cumberland Street. Cattle, hogs, and sheep were to be on sale Thursday and horses and mules Friday. It is the company's first anniversary sale. Prices were good and trading was brisk as the sale opened.

### ELECTRA WOMAN LEADS STATE AIR TOUR FLIGHT

Dallas, Nov. 12. (AP)—Mrs. Charles P. Koly of Electra, flying a white plane, led the second edition of the 1936 Texas State air tour from Love Field Thursday.

Seventeen ships were in the group. Others were expected to join the aggregation on its swing through South Texas.

Among the pilots was 70-year-old James Brazell of Oklahoma City. Leaders said they expected Attorney General William McCraw to join the flight later in the day.

## Press Announces Convention Theme Of P.-T. Congress

Austin, Nov. 12.—"Relation of the Home to Character Formation" is the theme of the annual P.-T. Congress of the Texas Congress of Parents and Teachers which will be held in Fort Worth Nov. 16-19. More than 1,000 delegates are expected to attend this conference which will have its headquarters at the Texas Hotel.

Mrs. M. A. Taylor of Bonham, president of the Texas Congress, will preside at the sessions of the twenty-eighth annual meeting and Mrs. Noyes Darling Smith of Austin, third vice president of the National Congress, will represent the national organization.

Climax of challenges to parents and teachers during this session will probably be the youth panel Thursday morning. Miss Charles O. Williams, Washington, D. C., school education chairman of the National Congress and field secretary of the National Education Association will lead this panel. Her questions will be directed to a high school girl and boy, a rural girl and boy and a college girl and boy.

## UNITS NAME DELEGATES FROM COUNTY AND CITY

Delegates to Congress from Wilbarger County and Vernon units have been named as follows: County Council—Mrs. L. J. McHugh; Vernon Junior High—Mrs. W. N. Martin and Mrs. Minnie McCarter; Central—Mrs. Herb Thompson and Mrs. A. B. Stonerfer; Hawkins—Mrs. H. D. Shive; Parker—Mrs. G. Lassiter and Mrs. Elbert May; Vernon High School—Mrs. L. D. Terrell and Mrs. Y. H. Babasin; Rock Crossing—Mrs. John Stiles; Shive—Mrs. U. L. Kidd; Harold—Mrs. C. H. Nowlin; and Five-in-One—Mrs. Ed Lehman.

Four of the delegates have made reservations on a specially chartered bus from Wichita Falls.

## Lockett W. M. S. Plans Royal Service Program

A Royal Service program will be presented by the W. M. U. of the First Baptist Church of Lockett Monday afternoon at the church. The subject of the program will be "Our Christmas Offering in Kingdom Building."

Complete program arrangements are as follows: Bible study, Matthew 18:23-25, Mrs. Cantrell; "Christmas Is Coming," Miss Louise Lewis; "The Contents of an Envelope," Mrs. T. H. Lawlis; "Missions," Mrs. Clarence Grimes; "Schools," Mrs. Lester Lockett; "Hospitality," Mrs. R. G. Hobson; "The Work," Mrs. Roy Martin; "Publication Work," Mrs. W. L. Martin; "Home Missions," Mrs. J. R. Lockett; "The Shuck Centennial," Mrs. C. R. Dale; "Circulating the Globe with Prayer," Mrs. Frank Sylvester; "A Christmas Preview," Mrs. W. W. Ashcraft; "Trailing a Christmas Envelope," Mrs. Willis Cato. Special music is also being arranged.

## Harrold Club Meets In Quisenberry Home

The "Our Gang Forty-Two Club" of Harrold met at the home of Mr. and Mrs. L. Quisenberry Tuesday evening. Following games of forty-two the host was presented with a card table as a birthday gift from members of the club.

Refreshments consisting of assorted sandwiches, cherry pie topped with whipped cream, and coffee were served to Messrs. and Mesdames. A. B. Rook, Ray Cruce, Albert Storm, V. M. Havens, C. H. Nowlin, L. Quisenberry, Mesdames Jessie Harston, Tom McClure, J. H. Fowler, J. W. Harston, and Misses Dorothy Nowlin, Betty Joyce Havens, and Jonny Lou Rook.

## BALLOTING IN PROGRESS AT FEDERATED CLUB CONVENTION

San Antonio, Nov. 12. (AP)—Ballots were being cast Thursday in a spirited election contest for presidency of the Texas Federation of Women's Clubs at the 39th annual convention.

The candidates were Mrs. Richard J. Turentine of Denton, now the second vice president, and Mrs. C. D. Kelly, of Groesbeck, former State Federation treasurer and member of the board of directors for 11 years.

Four resolutions which had their preliminary reading Wednesday, were to be acted upon by the convention Friday. They include a peace program, a more stringent drivers' license law, opposition to governmental restrictions on cottonseed products, and extension of county library systems.

## VERNON GIRL SCOUT TROOP OBSERVES ARMISTICE DAY

Observance of Armistice Day by the Cardinal Troop of Girl Scouts consisted of a salute to the flag and a number of patriotic songs. The troop met Wednesday morning at the First Methodist Church with 20 members present.

Plans were made for a Christmas party and for the court of awards to be held in January. A number of demonstrations were given by the members who attended Girl Scout camps last Summer. The program was completed by a story and a few farewell words by Rev. J. H. Harbison, pastor of the First Methodist Church, who is leaving Friday for Abilene. Mrs. W. E. Colley, captain, and Miss Helen Powell, her assistant, were present at the meeting.

## County Council to Meet

The regular monthly meeting of the Wilbarger County Council of the Wilbarger County Club will be held Saturday afternoon at 2:30 o'clock in the County Court room.

## Social Calendar

Friday.

A called meeting of the Junior High School Parent-Teacher Association will be held at the school Friday afternoon at 3:35 o'clock. Tests on a tuberculosis pamphlet will be given.

The annual Thanksgiving banquet for members and honorary members of the Winsome Sunday School Class and their husbands will be given Friday evening at 7:30 o'clock in the banquet room of the First Baptist Church.

The Home Science Club will study "Around the World in Books" at a meeting Friday afternoon at 3 o'clock at the Yampatika Club House. Mrs. J. E. Collins will be hostess and Mrs. Tom Bell director.

Members of the Child Training Circle will meet with Mrs. Carroll Reeves, 3012 Maiden Street, Friday afternoon at 3:30 o'clock.

A benefit dance will be sponsored by the Band Mothers' organization at Hill Crest Country Club Friday evening. Proceeds will be used to purchase band instruments. The public is invited.

## Home Science Club To Review Recent Books

"Around America in Books" is the pleasing program topic of the November meeting of the Home Science Club to be held at the Yampatika Club House Friday afternoon at 3 o'clock. Mrs. Tom Bell is to act as director of the program.

"Five minutes in the Newest Books" is a general sub-topic of the program, and the types of books will be discussed as follows: "Fiction," Mrs. J. O. Wright; "History," Mrs. W. W. Jones; "Art," Mrs. J. R. Haier; "Poetry," Mrs. J. W. Frazier; and "Non-Fiction," Mrs. H. M. Rugel. Mrs. M. R. Garrison will speak on "Recent Trends in American Literature," and the program will be concluded with music and a better speech drill.

Mrs. J. E. Collins will be hostess for the afternoon, and members of the menu committee are Mesdames J. O. Wright, J. L. Showers, H. W. Norwood, and J. M. King.

## GENERAL PUBLIC INVITED TO HIGH SCHOOL PLAY ASSEMBLY

The general public is invited to see a one-act play, "Deacon Spriggs," to be presented at a play assembly of Vernon High School Friday morning at 9:35 o'clock in the junior high auditorium. The Vernon High School Parent-Teacher Association is sponsoring the comedy, and officials urge all high school students and their parents to be present. Admission charges will be 10 cents.

## Club Studies Tuberculosis.

The Southwest Home Demonstration Club will meet Monday afternoon, Nov. 16, in the home of Mrs. Ernest Williams. The topic for the afternoon will be "A Health Study of Tuberculosis."

## ROYD STUDIOS TO PRESENT PROGRAM AT ROCK CROSSING

Miss Gladys Boyd of the Boyd School of Dancing is presenting a few Vernon pupils in a program at Rock Crossing Friday night at 7:30 at the school. Miss Boyd is opening a studio in Rock Crossing next week.

The following pupils will take part: Mary Kathryn Murrell, Carolyn Albert, Floy Gene Alexander, Barbara Ann Gilliland, Monta Barry, Robert Thompson, Maxine Foreman, Betty Ruth Brooks, Betty Long, and Wanda Samuel. Mrs. Ray Parker will be the piano accompanist.

## HARROLD P.-T. ASSOCIATION IS RATED AS SUPERIOR UNIT

The Harrold Parent-Teacher Association has been recognized as a superior association, according to an announcement of the State chairman of standards of the Texas Congress of Parents and Teachers. The committee rated the Tolbert association as a standard unit. The Hinds and Northside associations have also been affiliated with the State Congress during the past month, dispatches received here stated.

## THRIFTY MEMBERS DISCUSS DUTY OF CLUB COOPERATORS

The duty of cooperators in assisting club demonstrators in their work was the subject of a round table discussion Tuesday afternoon at a meeting of the Thrifty Home Demonstration Club at the home of Mrs. A. T. Beazley.

Plans were made for Christmas activities, and each member agreed to prepare a box for a needy family in the community. Booklets on tuberculosis were distributed to club members and a detailed study will be made of them, since the club is competing for an organization prize of \$25 offered by the Wilbarger County Tuberculosis Association.

The next meeting will be held at the home of Mrs. B. P. Abston. Refreshments were served to one visitor, Miss Nina Beazley, and the following members: Mesdames H. Taylor, Ed Lehman, C. G. Freeling, B. P. Abston, Dewitt Edwards, A. C. Owens, A. Gloyne, Fred Duffie, G. T. Key, and the hostess, Mrs. A. T. Beazley.

## Home Science Club To Review Recent Books

The Southwest Home Demonstration Club will meet Monday afternoon, Nov. 16, in the home of Mrs. Ernest Williams. The topic for the afternoon will be "A Health Study of Tuberculosis."

## LOCAL BRIEFS

Mr. and Mrs. J. V. Owen have returned from Mineral Wells where they attended the convention of Texas Baptists.

E. Reinisch left Wednesday for a business trip to Dallas. While there he will attend the Texas Centennial Exposition.

Born to Mr. and Mrs. P. C. Jouett Monday, a son.

John J. Spradlin spent Wednesday with his parents in Canute, Okla. A niece, Miss Lorena Duree, of Canute, who has been visiting here, accompanied him home.

Mr. and Mrs. M. L. O'Steen and son, Billy Martin, of Corpus Christi are visiting Mr. O'Steen's parents, Mr. and Mrs. T. M. O'Steen, and other relatives in Vernon.

Mrs. L. A. Hacker and son, Charles, and her daughter, Mrs. J. V. Ramsey, Jr., and son Billy Joe, visited Armistice Day with relatives in Carter, Okla.

## GUEST EVANGELIST TALKS TO POST-GRADUATE CLUB

Approximately a dozen members of the Vernon High School's Post-Graduate Club heard Dr. Manford George Gutzke, visiting evangelist, speak on "Personal Traits That Make for Vocational Success" Wednesday morning at the school.

It is the small things that really make for success, Dr. Gutzke told the group. "It is not ability for dependability that counts." The evangelist was introduced by Rev. H. N. Cunningham, pastor of the Federated Presbyterian Church.

## EQUALITY FOR AGRICULTURE URGED BY ROOSEVELT

Columbus, Ohio, Nov. 12. (AP)—President Roosevelt messaged the National Grange convention Thursday that a "fight to achieve real equality for agriculture" would be pressed forward.

The President's message was a greeting for the 70th birthday of this farm organization which has members in 35 States. It was sent to Louis J. Taber, National Grange master, to be read at a birthday party.

"Through you as master of the National Grange, I wish to send my greetings to the membership," the President's message said.

"As you meet this week in anniversary session the Grange looks back upon 70 years of steadfast effort to improve American agriculture as a business and as a way of life. The Nation needs strong leadership today."

## Vernon Girl Initiated.

Bellon, Nov. 12.—Miss Fayth McClary of Vernon was recently initiated into the Women's Sports Association at Mary Hardin-Baylor College. Sixteen other members were received by the organization at that time. Miss McClary is a daughter of Mrs. K. H. McClary of Vernon.

## TEXAS LIVESTOCK, RANGE CONDITION REPORTED GOOD

Austin, Nov. 12. (AP)—The United States Department of Agriculture's Bureau of Economics reports that Texas ranges and livestock were in good condition Nov. 1 and would go into Winter under favorable conditions.

Cattle range condition was reported 85 per cent of normal, compared with 86 per cent a month ago, 87 per cent a year ago, and 79.3 per cent for the 1926-1935 period. The Northern portion showed a general improvement except in sections of the Panhandle.

[[QUESTIONS THAT ARE ASKED ABOUT BANKING]]

"What does 'liquid' mean in banking?"

THE term "liquid" in banking, is used to denote assets in the form of cash or readily convertible into cash.

A bank does not keep all of its depositors' money in currency and coins, for such money would stand idle. Some is used to buy Government or other bonds and commercial paper, and some to make short-term loans. These are liquid, because they may be quickly converted into cash. Long-term investments, such as mortgages, are not considered as liquid because they cannot always be turned into cash promptly and without sacrifice—even though they represent sound value.

One of the banker's problems is to keep his bank liquid enough to satisfy all probable demands of depositors for funds, and yet participate, by sound loans, in the constructive development of the community.

## GRANGE PLANS FARM PROGRAM

### COOPERATION PLEDGED TO PRESIDENT AT SESSION OF FARM GROUP

Columbus, Ohio, Nov. 12. (P)—Louis J. Taber, master of the National Grange, has pledged cooperation of the organization to President Roosevelt in "every step that builds for better rural and National conditions."

Taber, addressing the seventeenth annual session of the farm organization, declared that "this administration has great opportunity to make an outstanding contribution to National welfare by correcting injustices wherever found, by completing the great work of promoting liberty and human welfare."

"We believe that the worst of the emergency has passed and that some of the temporary legislation should be repealed or amended. In this great program, the Grange pledges to this Administration any assistance, cooperation or support that it can render."

The following four-point program was outlined by Taber as the long time objective for agricultural betterment:

- 1.—A permanent National policy for rural life.
- 2.—Organization and cooperation to defend the interest of agriculture.
- 3.—Stability of income sufficient to maintain a satisfactory standard of living for the farmer and his family.
- 4.—Educational, social and spiritual opportunities for growth, health and happiness.

### George W. Truett Is Speaker at Baptist Session

Mineral Wells, Nov. 12. (P)—Dr. George W. Truett, world Baptist leader, urged his churchmen Wednesday to give their whole-hearted support to the national preaching mission, a movement intended to carry truths of Christian religion to the American people.

"The mission's primary purpose is to strengthen basic foundations of our Christian faith in order that America can cope with its problems," the widely known Dallas minister told thousands of Baptists attending the church's Texas General Convention.

Dr. Truett recently returned from a tour of Asia. He explained the national preaching mission embodied the cooperative efforts of all Christian denominations to arrest the attention of the whole American people.

"It was decided," he said, "that one church alone could not accomplish this purpose. A group of leading interpreters of the Christian gospel will be in Dallas Nov. 15 to 18 to conduct a mission there in collaboration with the national movement."

"The Dallas mission will be part of an undertaking that, so far, has covered almost 20 major cities of the country and is sweeping into the smaller cities and rural communities in its effort to bring people back to the Christian life."

"During the last decade or two we have been so preoccupied with the fruits of Christian life that we have given too little attention to its roots."

"Humanitarian service, passion for social justice, enthusiasm for a warless world and devotion to other great causes of human welfare are rightful fruits of faith in God and an understanding of His will. But we tend to forget that we cannot harvest abundant fruits unless we patiently and wisely nourish roots."

Justice Roberts, at 61, is the youngest member of the U. S. Supreme Court.

## Stamp News

By I. S. Klein

AMONG the many requests for new stamps that have received some form of sympathetic hearing by Postmaster Farley is one picturing Horace Mann. This would honor the country's first great educator, and would be issued on the 300th anniversary of Massachusetts' first schools, of which Mann was the first commissioner of education.

Following quickly upon withdrawal of the 1-cent Century of Progress sheets comes the 3-cent value. These souvenir sheets were available for some time at the Philatelic Agency in Washington. Now procrastinators may get them only from stamp dealers at a premium.

Another new set of stamps issued by the Philippines consists of three overprinted values of the old 1917-25 series, in honor of Eliseo Antonio Arnaiz and Juan Calvo, who completed a two-month flight from Manila to Madrid recently.

France is breaking out with a rash of new stamps. Just issued is a set of two commemorating the 100th crossing of the South Atlantic by airplane. Others contemplated include a set of six stamps for the 1937 colonial exposition; more stamps honoring Pasteur, Victor Hugo, and Callot; a new stamp for Berlioz, the composer; one in connection with the peace meeting at St. Cloud, near Paris; a new overprint for the unemployed; and several charity stamps.

### SEYMOUR HOLDS SUSPECT IN BANK RAID AT SUDAN

Seymour, Nov. 12. (P)—Officers held a 21-year-old Littlefield man

Thursday in connection with a \$3,000 bank hold-up at Sudan Aug. 24.

Deputy Sheriff Pat Taliaferro said the man made a written statement admitting the robbery after being questioned by Taliaferro and a Federal Bureau of Investigation agent.

The suspect was arrested Monday at Childress in a stolen car, Taliaferro said.

Record classified ads get results.

### BAYLOR BACKS KEEP SCORING RECORD STRAIGHT

Dallas, Nov. 12. (P)—Ball-carriers Lloyd Russell and "Bubba" Gernand of Baylor University may not be the Southwest Conference's high

scorers but they are the candidates for the honesty trophy.

Listed last week as being tied with Jim Denton and Ralph Rawlings of Arkansas for the leadership of the scoring chase, Russell and Gernand

and wrote the Associated Press they "did not want anything they didn't deserve."

They explained that published summaries gave Gernand credit for a touchdown Brazell actually scored

in the Arkansas game and that Patterson ran across the six points Russell was credited with in the Texas game.

Their correct totals, they said, was Russell, 24 points and Gernand, 25 points.

# BLAST WRECKS LIQUOR STORE

## FORT WORTH CLUB SCENE OF SECOND ATTACK IN FOUR MONTHS

Fort Worth, Nov. 12. (P)—A dynamite explosion—the second in less than four months—damaged the Oasis Club on the outskirts of town early Thursday morning and destroyed about \$400 worth of liquor.

A big, black sedan sped from the drive of the club about a minute after the blast.

The dynamite had been planted directly under the newly completed package store at the club, on the north side of the building. The damage was considerably heavier than that resulting from an explosion Aug. 10.

Frank Payne, the proprietor, said he had no idea who set off the blast, suspecting the theory it might have been business rivals.

### Position of Treasury.

Washington, Nov. 12. (P)—The position of the Treasury on Nov. 10: Receipts, \$50,244,934.91; expenditures, \$74,296,125.28; balance, \$1,984,561.295.62; customs receipts for the month, \$11,075,785.55. Receipts for the fiscal year (since July 1), \$1,498,232,239.90; expenditures, \$2,555,649,516.68, including \$1,004,699,484.81 of emergency expenditures excess of expenditures, \$1,057,417,276.88; gross debt, \$95,800,205,719.16, a decrease of \$5,099,413.44 under the previous day; gold assets, \$11,105,237,886.32.

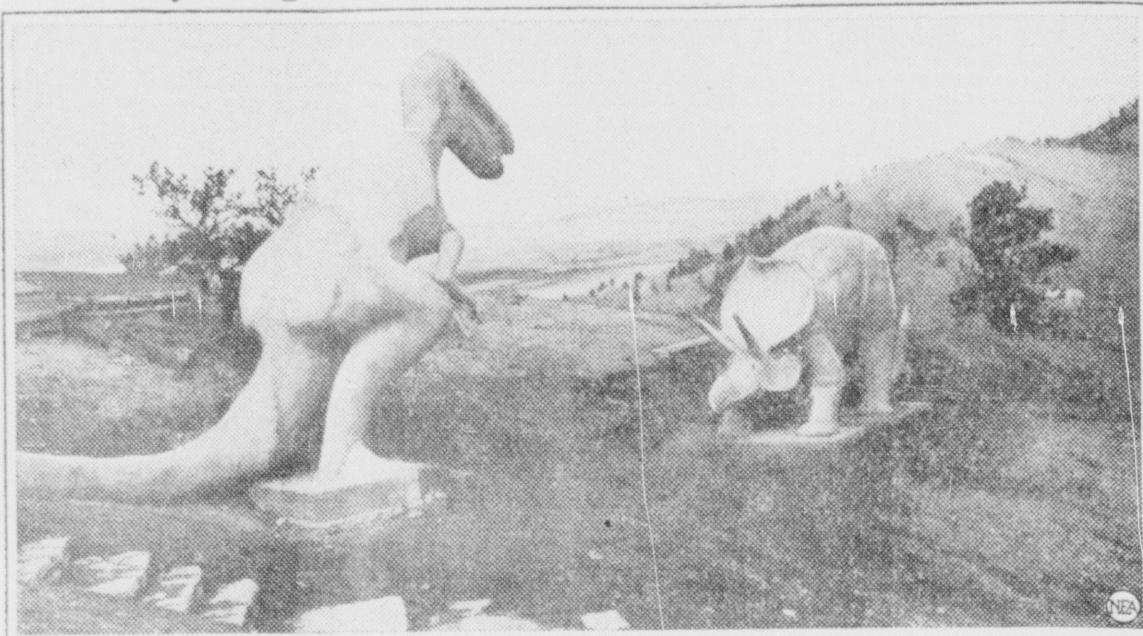

A well-trained human eye can recognize about 100,000 different hues and colors.

## As They Might Have Looked, Right in Your Yard

On the site where mighty dinosaurs once foraged for food and carried on predatory battle with each other and with, perhaps, an Alley Oop and his comrades, Rapid City, S. D., is erecting a \$25,000 "dinosaur park." Eight life-size models of the prehistoric monsters, whose footprints have been found in the vicinity, are being erected on Skyline drive, within the limits of Rapid City. Two of the completed models are shown above, poised as if for action.

## NEW \$77,000,000 SPAN OVER GOLDEN GATE IS OPENED TO TRAFFIC WITH CELEBRATION

San Francisco, Nov. 12. (P)—The \$77,000,000 bay bridge, dreamed of and talked about for nearly a century and over three years in construction, opens to automobile traffic Thursday amid all the fanfare two metropolitan centers can create. At 12:50 p. m. (2:30 C. S. T.) while ship whistles blast and warships boom salutes, traffic will start over the 2 1/2 miles of water and tidal-land the structure crosses in linking San Francisco and Oakland.

Not even a prolonged maritime strike, paralyzing marine commerce in this major seaport, has dampened preparations for the celebration, which finds San Francisco and Oakland streets festooned and garlanded for the occasion.

The festivities start at 10:35 a. m., when Governor Frank P. Merriam cuts a golden chain on the Oakland side of the bridge. From there, the official party moves across the struc-

ture to the San Francisco side where the ceremony will be repeated.

At 5:00 p. m. President Roosevelt is to press a button in Washington.

### FACTS AND FIGURES ON HUGE SPAN ARE LISTED

San Francisco, Nov. 12. (P)—The San Francisco-Oakland Bay bridge in facts and figures: Cost, \$77,000,000.

Distance over water and tidal-land, 8 1/2 miles, plus three miles of approaches.

Twenty-four men killed, 1,137 injured in construction period of over three years.

Passenger automobiles cross on lower deck where interurban train tracks will later be laid.

Speed limit 45 miles per hour.

Height above water varies from 192 feet on Oakland side to 216 feet on San Francisco side—enough clearance for the largest vessels.

turning on brilliant sodium vapor lights which make night traffic possible without headlights.

The bridge, of suspension, cantilever and truss construction, is expected to handle 300,000 passengers Thursday. Each car, if it contains not more than five persons, will pay 65 cents toll charges. Each additional passenger will be five cents extra.

Rated as the costliest bridge in the world, the chain of spans also crosses the longest stretch of navigable water ever bridged.

## Blackbird Pie of Nursery Rhyme Is Reality in Tulsa

Tulsa, Okla., Nov. 12. (P)—Mother Goose's "four and twenty blackbirds baked in a pie" is a tasty reality in Tulsa.

Here where roast crow banquets had their inception a year or so ago the latest dish is blackbird fried or in pies.

Like the crow eaters, the blackbird enthusiasts say "it's fine—like duck or other game fowl."

It all started when swarms of blackbirds made life miserable down South Rockford Avenue way in the southern part of town. Harried residents who first "shooed" them away with roman candle barrages later fell to with shotguns and rifle fire.

Somebody thought they might be good eating and...

"The birds are fine," said Mrs. J. F. Phillips, "we've tried them both in pies and friend. They taste like duck."

REPORTS ON EDUCATION HEARD AT BAPTIST MEET

Mineral Wells, Nov. 12. (P)—Baptists from all parts of the State entered the third day of the General Convention of Texas Thursday after hearing reports on the denomination's educational and missionary work.

J. Howard Williams told the convention Texas Baptists spent \$1,481,804 last year on the educational program in the State. He said the attendance at the denomination's institutions was 7,684, including 6,566 of college rank, for the year which ended in August.

The education committee reported the church had \$11,954,382 invested in endowments and equipment.

BOY'S DEATH DISCLOSES ACCIDENT KEPT SECRET

Philadelphia, Nov. 12. (P)—Robert Cooper, 15, went to bed Tuesday night without telling his parents he had been injured in an accident a few hours before. They did not notice he had been bleeding from the mouth.

Wednesday, Robert's mother called him for school. He complained of feeling ill. A doctor was called. Fifteen minutes later the boy died.

Grief-stricken, Robert's companions, Edward Maher, 17, and Robert Brown, 14, told of the accident. The three boys had jumped on the side of a trolley car. They were thrown to the street by a parked automobile as the trolley passed through a narrow street.

The extreme limit of our atmosphere is supposed to be between 108 and 212 miles.

## BANK REPORT REVEALS GAIN

### SHARP INCREASE NOTED IN CLEARINGS FOR FIVE-DAY PERIOD

New York, Nov. 12. (P)—Bank clearings in 22 cities throughout the country were reduced for the latest period to \$5,144,728,000 by the incidence of the Armistice holiday, which cut the reporting period to five days, but showed a sharp gain over the corresponding 1935 totals.

The daily average figure, which eliminates the holiday influence, totalled \$1,028,946,000 for the five days ended Wednesday, against \$1,059,631,000 in the preceding period and \$948,215,000 in the week a year ago.

The total for the latest period compares with \$4,741,075,000 a year ago, a gain of 8.5 per cent. In the previous week the gain over a year ago was 6.2 per cent.

### COLD MOTOR PROBLEM IS STUDIED BY API GROUP

Chicago, Nov. 12. (P)—The problem of starting a cold automobile motor, American Petroleum Institute members were told Thursday, was one of the many solved by oil and automotive engineers working with scientific heads together.

Other difficulties ended through cooperative research, said H. C. Mouzey, Detroit, included crankcase dilution, crankcase corrosion, gum and knocking.

Speaking at the refiners' group session of the Institute's 17th annual meeting, Mouzey said "it appears that by a continuation of this cooperation these problems may be kept under control, and others which may arise may be solved."

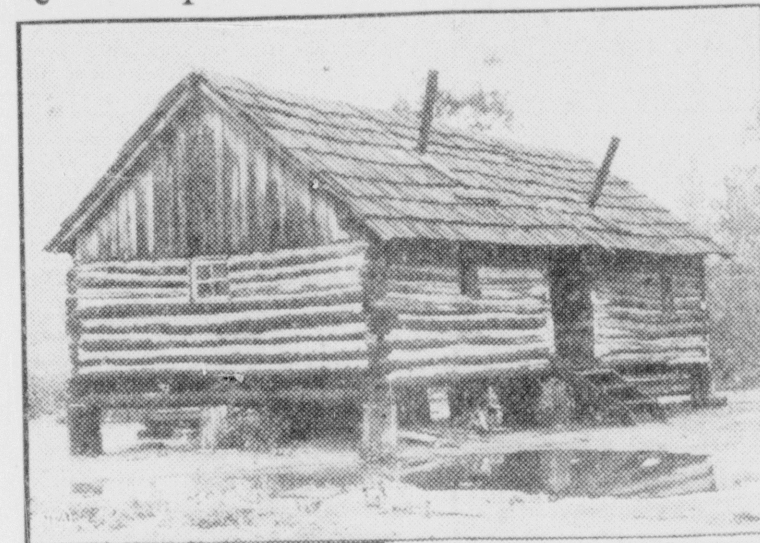

Saur Thayer, Houston, told the committee on pipe lines that his company had found that "barring pipe of short length or small diameter, it is more economical to electrically protect a line (from soil corrosion) than to recondition it, regardless of the soil or coating conditions."

The convention, to end Thursday, split into group and committee discussions of technical problems.

ADULTS, MARRIED COUPLES INVITED TO BENEFIT DANCE

A special invitation to adults and married couples to attend a dance at Hill Crest Country Club Friday evening at 8:30 has been issued by officials of the Band Mothers' organization, which is sponsoring the affair. Proceeds will be diverted to a fund for purchasing band instruments for the school band.

## Quadruplets in Life-Death Drama

In the crude log cabin, above, built on pilings in swamp land near Senath, Mo., was enacted the drama of life and death for the family of Sharecropper James Bridges. First came birth of quadruplets, three girls and a boy. Then, one by one, three of the babies died. At right is Mrs. Bridges with the one survivor, Lee Earl, a girl, who was rushed to a Memphis, Tenn., hospital for expert care.

### INCREASED INTEREST IS SHOWN IN REVIVAL

Dr. Manfred George Gutzke, leading in revival services at the Federal Presbyterian Church, is attracting increased interest in the meeting each day. Wednesday evening before the largest congregation of the revival, he said, "The source of the satisfaction and blessedness of the Christian experience is located in personal contact with the living Lord Jesus Christ. This fact is implied in the inner longing of sincere souls, who want to see Him in a personal way."

The speaker illustrated his statement from a number of incidents chosen from the New Testament record, saying, "Those interested in the world wide affairs of men will want to see Him who was born King of the Jews, even as the wise men from the East. Those who want to know the truth must look into His face. Anxious souls in trouble, like the disciples at sea in the storm, will seek His help. Individuals, conscious of blemish or weakness, will seek Him as did the Leper. Parents of children needing His touch will come wistfully appealing to Him for aid."

Thursday evening Dr. Gutzke will speak on the subject, "In The Valley of Decision." Friday morning at 10 o'clock his subject will be, "The

### Reality of Victory in Christian Living

Two special services have been planned. The first of these is for Friday evening, being a special service for children and young people. Parents and friends are urged to bring their children. The second is Sunday evening when the feature of the service will be men.

The general public is invited to attend every service.

### Loyal.

Lenoir, N. C., Nov. 12. (P)—R. K. Courtney, loyal alumnus of Duke University, won't see Duke's football team play North Carolina at Chapel Hill Saturday, even though he could make the trip with all expenses paid. He figures he's a jinx. He was not alone in that thought—the offer to pay his expenses came from North Carolina grads. On the eve of last year's game at Durham he received a telegram from Duke alumni pleading: "Please do not come to Durham tomorrow." Duke won.

It takes 90 days to make a Mickey Mouse film.

face "Broken Out?" Relieve the soreness and aid healing by washing daily with Resinol Soap and freely applying

## Resinol

## Eskimos Lunch Reindeer Roundup On Alaskan Plain

Barrow, Alaska, Nov. 12. (P)—Cowboys of the Tundra—fur-clad Eskimos—rode herd Thursday over thousands of reindeer in the great annual roundup on Point Barrow's frozen plains.

It marked the major Fall gathering of the Arctic coast natives, one group coming by dog-team from Barter Island, 500 miles to the East, where famine threatened last Summer.

Three thousand of the estimated 20,000 reindeer were driven to a new corral 50 miles inland for marking and counting.

With the mercury well below zero, Eskimo herdsman drove the deer from the lonely ranges where they fattened on lichen during the Summer. Arriving herders were greeted by friends they had not seen since last season when they left for their ranges.

The roundup was a family gathering. Wives and children pitched tents near the corral as almost the entire Eskimo population deserted the little settlement of Barrow to go to it.

Most of the animals were to be driven back to Winter range after the yearlings and fawns were "branded"—marked by various-shaped knife slits and nicks in the ears.

Medics have recently perfected a formula for removing adhesive tape painlessly.

The scientists say that the oceans were the original abode of life on the globe.

### SHREVEPORT COPS HOLD MAN IN TEXARKANA CASE

Shreveport, La., Nov. 12. (P)—Bossier Parish officers said Thursday they were holding in jail a man believed to be J. H. Hinderleider of Cape Girardeau, Mo., object of a search by Texarkana officers since last Sunday when his abandoned truck was found here.

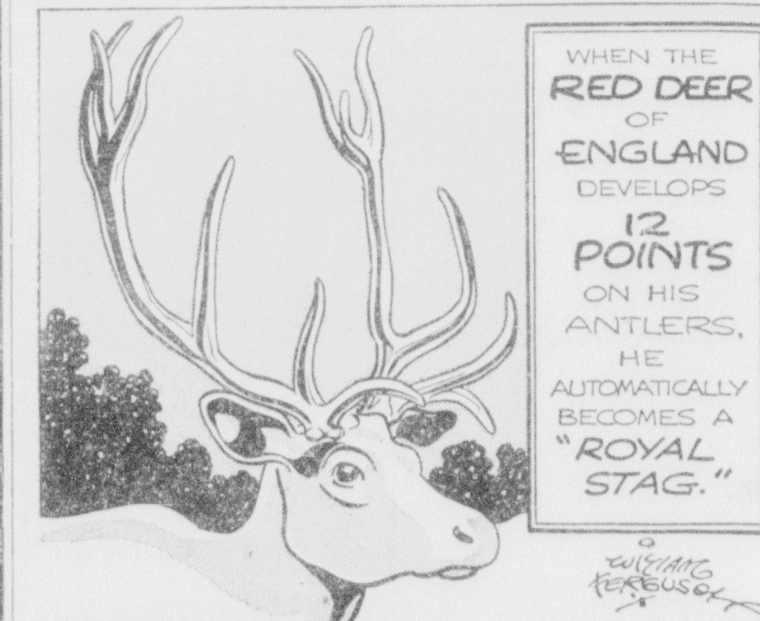

Deputy Sheriff Steve C. Norris said he picked up the man last Sunday as a suspicious character and was holding him for investigation.

A man giving his name as George Wiley of "anywhere," was with the Missourian at the time and was lodged in jail also, the officer said.

Officers at Texarkana said Hinderleider's truck was found after a Negro reported seeing a man and a woman abandon it.

Federal agents reportedly began a search for the missing man after fears of foul play had been expressed.

# Quanah Breaks Old Jinx To Defeat Vernon 18-13

## LIONS SCORE LATE IN GAME

VICTORY IS FIRST FOR INDIANS OVER RIVALS IN TEN YEARS

(Staff Special)

Quanah, Nov. 12.—The Vernon high school Lions abandoned their usual conservative style of attack for a few minutes yesterday afternoon and almost won a football game after the Quanah Indians apparently had the game in the bag. The final score was 18 to 13 with the home team on the big end of the count for the first time in 10 years of play between the two teams. The game was played before an Armistice Day crowd of approximately 3,500 fans.

In the first half the Indians looked very much like a football team as they rolled up six first downs and scored two touchdowns to take a lead of 12 to nothing. On the other hand the Lions resembled a practice squad assembled to let the opposition try out its plays. But for an offside penalty assessed against the Indians in the last two minutes of the first half the Lions might have finished the first half of their afternoon's work without a single first down to their credit.

The offside gave the Lions their first ten yards in a single series of downs, but they squandered the fading seconds of the first half in thrusts at the line that piled up three more first downs but were otherwise quite useless. The Lions didn't do anything in the first half that even remotely resembled a threat to score.

But it was a different story in the second half. They outscored their Hardeman County rivals two touchdowns to one, but their few minutes of aggressive, daring football wasn't sufficient to overcome the steady, workmanlike mixture of running plays, forwards and laterals engineered by the Indians throughout the game. The Lions were outplayed and the Indians clearly outclassed them for this particular game.

Three of the five touchdowns made in the game were on forward passes and the aerial route put the ball in scoring position for the other two. Trailing 12 to 0 at the half, the Lions opened a passing attack in the last half which threatened to overcome the Indian lead. Oscar Johnson, Lion halfback, took a pass from Charlie Smith for 15 yards and a touchdown in the first few minutes of the second half. In the final quarter Smith's pass to Mark Belew was good for 23 yards and the last touchdown of the contest. Jack Hall intercepted one of Smith's tosses late in the game to

end the Lion attack on the Quanah goal line. Forrest Lowrey, Hall and Captain Clarence Edmondson, Indian backs, crossed Vernon's goal line. Hall passed to Lowrey for 41 yards and the initial counter in the first quarter. Early in the second period the lead was increased to 12 points when Hall cut through right tackle from the one-foot line. A 35-yard pass, Hall to Lowrey, placed the ball on the 6. Four line plays from that point put it across. The Hall-Lowrey combination functioned again in the third quarter, resulting in a gain of 45 yards to put the ball on the 10, from which Hall started around left end, cut back through the right side of the line and over for the Indians' last touchdown.

The toe of "Jiggs" Childress, outstanding lineman of the day, accounted for the only extra point of the game. His successful place kick came after the second touchdown. Lion linemen blocked two of Hall's place-kicks. The third was low and wide. Childress' first attempt for extra point was barely wide.

First Half. The game opened with the ball being put in play on the 20 after Childress' kick-off rolled over the goal line. The Lions entered Indian territory a moment later when Perry Morris returned Hall's punt 10 yards to the Quanah 46. After Vernon failed to cash in on a line play and two passes, an exchange of punts followed. Quanah advanced to pay dirt after taking the ball on its own 42. In three tries, Wood and Edmondson picked up 17 yards to the Vernon 11. From that mark, Lowrey took Hall's pass and raced the remaining 27 yards to a touchdown.

After Vernon received the kick-off, Quanah again took possession of the ball on the Lion 44 when Lockard fumbled. A 15-yard penalty against Vernon and a series of line plays advanced the ball to the 2. Childress dropped Edmondson for a 3-yard loss. Wood reached the 1-foot mark. Hall failed to gain and Quanah was penalized 5 for offside. Vernon gained a yard and the ball went over. Morris punted to the 50-yard marker and Lowrey returned to the Vernon 39. Hall gained 3 yards as the quarter ended. Quanah 6, Vernon 0.

After an incomplete pass and a 5-yard penalty, Hall's pass to Lowrey gained 35 yards, putting the ball on the 6. Edmondson hit the line for 4. Hall failed to gain. Lowrey got within inches of the goal. Hall hit right tackle for a touchdown. Morris received Murphy's kick-off and returned 50 yards to Quanah's 42. The Lion offense bogged down and punts and fumbles by both teams followed. Vernon's only effective offensive drive of the half started from the Lion 27 late in the quarter. Four first downs followed and Vernon had the ball on Quanah's 25 after a 14-yard gain by Morris as the half ended. Quanah 12, Vernon 0.

Second Half. Quanah returned the kick-off from the 10 to the 35 on a lateral. Edmondson to Wood. Childress intercepted a Quanah pass and ran 24

## IT RUNS IN THE FAMILY

Michigan always has produced more than a full share of athletic stars, and the Barclays of Flint are helping the Wolverine state to maintain the pace. Bill Barclay, University of Michigan quarterback, and his 100-pound sister, Mrs. Don Weiss, inspect trophies won in golf. Bill was a member of the Western Conference championship golf team this year, quarter-finalist in the national collegiate, and semi-finalist in the Michigan amateur. Mrs. Weiss captured the state women's title.

yards to the Quanah 14. Morris lost a yard. On the next play, Smith passed to Johnson for a touchdown. Another Vernon drive in the third quarter was halted when Lowrey was downed on the Quanah 20 after intercepting a pass. An exchange of punts followed and the Indians took the ball on the Vernon 45. Hall's pass to Lowrey put it on the 10. Edmondson started around left end and then went over for a touchdown after cutting back through the right side of the line. The quarter ended a few minutes later with the score, Quanah 18, Vernon 6.

Early in the final quarter, Quanah reached Vernon's 10 on a 17-yard pass, Hall to Anderson. The threat was checked when Tandy Belew intercepted a pass to put the ball on the 21. Midway in the quarter the Lions took possession of the ball on the 50 when "Jiggs" Childress pulled one of his tricks out of the bag to prevent Quanah from punting on fourth down. Hurdling the Indian line before the ball was snapped, he rushed back into position and in the confusion, the Quanah center allowed Childress to force him to make a bad pass.

Taking to the air, Smith passed to Morris for 22 yards. He then tossed one to M. Belew who lateraled to Johnson for 3 yards. The third pass in a row, Smith to M. Belew, was good for 23 yards and a touchdown. After receiving the kick-off, Quanah fumbled on fourth down and Vernon took the ball on the 29. Four passes failed and the ball went over to Quanah. A few plays later Hall punted out on the 30 and then intercepted Smith's pass on his 45. Three line plays followed and Quanah had the ball on the Vernon 45 as the game ended.

Outstanding for Vernon were the ball carrying and punting of Morris, blocking of Johnson, passing of Smith and line play by Childress, Nixon and T. Belew.

Starting lineup: QUANAH  
Shores ..... Anderson  
Left End ..... Gardner  
Left Tackle ..... Murphy  
Left Guard ..... Bryant  
Center ..... Carroll  
T. Belew ..... Cranford  
Right Guard ..... Besty  
Right Tackle ..... Edmondson  
Mason ..... Hall  
Chennault ..... Wood  
Morris ..... Lowrey  
Quarterback ..... Hall  
Heaton ..... Left Half  
Johnson ..... Right Half  
Lockard ..... Fullback

Substitutions: Vernon—Smith and Cayce, backs; Nixon, Bowling, Irons, M. Belew, and Hudson, linemen. Quanah—None.

Summary. First downs—Vernon 8, Quanah 13. Yardage: Gained on running plays—Vernon 65, Quanah 143; lost on running plays—Vernon 3, Quanah 25. Gained in passes—Vernon 66, Quanah 136. Net gain on passes and running plays—Vernon 132, Quanah 253.

Passes—Vernon attempt 15, completed 4, two intercepted. Quanah tried 15, completed 4, three intercepted.

Punts—Vernon 9 for average of 36 yards; Quanah 7 for 36 yards. Fumbles—Vernon 4 for 40 yards. Quanah 4 for 20 yards.

Score by quarters:  
Quanah ..... 6 6 6 0—18  
Vernon ..... 0 0 6 7—13  
First downs by quarters:  
Quanah ..... 6 6 6 4—24  
Vernon ..... 0 4 2 2—8

## TEXAS AGGIES DEFEAT DONS IN GAME ON COAST

San Francisco, Nov. 12. (AP)—Completely demoralizing their opponents with a second half assault netting six touchdowns, the Texas A. & M. Cadets crushed the University of San Francisco 38 to 14 Wednesday before 20,000 fans.

The Texans were behind 14 to 0 when they came out for the second half but within two minutes of the kick-off had scored two touchdowns. Two of their touchdowns in the fourth quarter were put over within three minutes. The boys from the Southwest were weary from running up and down the field in scoring plays when the game ended.

TEXAS A. & M. ELEVEN VISITS IN HOLLYWOOD  
San Francisco, Nov. 12. (AP)—Texas A. & M.'s traveling football troupe, with a brilliant 18 to 14 victory over University of San Francisco the latest of its achievements, sped toward Hollywood Thursday en route to Salt Lake City for another game Saturday.

The Texans will spend a day at the film city and then go to Salt Lake, where Saturday they clash with the University of Utah—their third game in eight days. After that they swing down to Louisiana for a battle with Centenary.

Eastern College Elevens Cinch Regional Honors  
New York, Nov. 12. (AP)—Regardless of Rose Bowl nomination, national championships or what have you, the East's football army has just about clinched the "intercollegiate championship" for the year, three weeks before they pack the season in nohubs.

By trouncing over the opposition in all but three of 11 battles with foes from outside regions last Saturday, the Atlantic seaboard elevens made their margins insurmountable over every area but the Pacific Coast, whose representatives still hold a mathematical chance to catch up in the short schedule ahead.

A lineup of 10 elevens have shared in the East's return to the top of the gridiron heap by piling up decisive edges over South, Midwest and Southwest, and a lead over the Pacific Coast. Navy has led the way with four victories, while Pitt, Fordham, West Virginia and George Washington posted one each.

The most representative victory list, however, is that offered by Fordham's Rose-Bowl hopefuls, with triumphs over standard Mid-Western Northwestern and Pacific Coast rivals to their credit.

PANHANDLE REGION READY TO COMBAT WIND EROSION  
Amarillo, Nov. 12. (AP)—Assistant County Agents in eight Panhandle counties where wind erosion has been most severe are conducting surveys to "spot" areas where blowing is likely to start next Spring, says K. J. Edwards, district agent for the Texas Extension Service.

## Texas Author

PETER MOLYNEUX

## NEW BOOK ON TEXAS READY

PETER MOLYNEUX WELL FITTED TO WRITE STORY OF STATE

Although Peter Molyneux, author of "The Romantic Story of Texas," published by the Cordova Press, New York and Dallas, is not a native Texan, he is fitted to write authoritatively about his adopted State by reason of a quarter of a century's work in Texas journalism. His journalistic career began in 1902 at the age of 20 when he became a reporter on a newspaper in his home town, the New Orleans Daily News. He soon shifted to the New Orleans Item, in 1903 he succumbed to the longing for the classroom that he had felt ever since leaving school at the age of 15. Taking leave of absence from newspaper work, he enrolled in the Meadville Theological School, Meadville, Penn., where he did four years' work in two years.

At the end of these two years of study, he joined the staff of the Philadelphia Record. A break in health caused him to go to Texas, where he worked on newspapers in Houston, San Antonio, and Fort Worth. He went to Mexico for the San Antonio paper and wrote a series of articles on Mexico's recovery under Madero. He was in Mexico City when Felix Diaz started his revolt and during the 10 days of bombardment and the Huerta coup.

Leaving newspaper work in the middle 'twenties, he became editor of the Texas Monthly, magazine of literature and history, which has since yielded place to The Texas Weekly, of which he has been editor since its establishment in 1929. His writings in this publication have gained him national and international fame as an economist, as well as an authority on Texas history. He was elected in 1934 as a trustee of the Carnegie Endowment for International Peace. He was an American delegate to the Chatham House Conference at London in March, 1935, is one of the American members of the joint committee of the Carnegie Chamber of Commerce and the International Chamber of Commerce.

The publication date of "The Romantic Story of Texas" is Nov. 16.

HEREFORD HERD RECALLS TRAIL DRIVING DAYS  
White Deer, Nov. 12. (AP)—Early days of the Plains were recalled here when a trail herd of 600 Hereford steers passed south to winter range.

The herd belonged to John McGeehan and J. W. Jordan, and was moved from the vicinity of Skellytown to Ashland, near Glendon. A chuck wagon preceded the herd, which was driven by five cowboys.

Veteran of the outfit was Jim Wilson, who worked 40 years on the famed JA ranch.

## STEER COACH WORRY AIRED

BLAIR CHERRY, TOM DENNIS RUMORED AMONG FLOCK FOR TEXAS U. POST

Dallas, Nov. 12. (AP)—Two of the State's outstanding high school coaches, Blair Cherry, father of Amarillo's wonder teams, and Tom Dennis, Port Arthur mentor, are included in the flock of those rumored as likely successors to Jack Chevigny at Texas U. Cherry, they say, is well satisfied in the Poncha schools have been making overtures to him for years. He's still at Amarillo.

They can't afford enough, "he said, to get Ray Morrison on the line at Texas. . . . Some insist it will be Clyde Littlefield, head coach, and Ted Twomey, line coach, when the Longhorns start their 1937 campaign. . . . The Longhorns, this season, despite a poor record, have scored in all but one game and each day out showed flashes of power. . . . Because of this, experts, from week to week, have been picking the auto win—expecting that full power to explode any Saturday.

Keeping up with Sammy Baugh. . . . He has contacted pass receivers for six touchdowns and has put the ball in scoring position for Texas Christian's other eight touchdowns. . . . His heaves have netted a total of 900 yards. . . . The Frogs idolize this modest youngster.

Raney, sophomore Billy Dewell, whom Coach Matty Bell said at the start of the season would be an All-American before his graduation from Southern Methodist, is one of the finest pass receivers in the Southwest. . . . He gave his greatest exhibition in the Texas A. and M. game. . . . The Aggies went on a regular jinx-breaking spree last week. They clinched a 12-year jinx held over them by Texas Christian and a nine-year one by Southern Methodist.

## LOYOLA STOPS RED RAIDERS

Los Angeles, Calif., Nov. 12. (AP)—Texas Tech's daring Red Raiders started back to the Panhandle country Thursday, humbled 36 to 7 by Loyola University's rough, tough Lions in a football game that kept nearly 35,000 fans in an uproar.

The boys from the prairie came to the Coast promising action and color. They gave it in generous quantities that the final score did not reflect.

Cochran Tom Lieb's Lions stopped whatever ground attack Tech had, and as far as the score sheet showed, brought down the Texans' aerial bombardment.

The Red Raiders never let up, however, and fired passes from their own one yard line, six yard line—anywhere on the field.

Loyola's backs battered the Texans around for two quarters, and after scoring twice as a direct result of their opponents' mistakes and fumbles, took to the airways themselves for another pair of touchdowns.

Billy Byrne, 165-pound halfback, was the outstanding man on the field and scored three of the Lion touchdowns, while Jim Neill, George Winter, Dempsey Cannon and Max Chermosky, Raiders' back and "Red" Ramsey, left end, played brilliantly for the losers.

Chancer Couldn't Spell.  
Kansas City, Nov. 12. (AP)—Here's support for what many poor spellers have felt all along—"Correct" spelling is not a sign of intelligence.

"Hater," said Dr. J. Dunson Smith, president of the University of Kansas City, "I sometimes believe incorrect spelling is a sign of intelligence. A child learns that the plural of house is houses. Why is it not reasonable for the child to suppose the plural of mouse is mouses?"

## AGGIES TRAVEL TO UTAH FOR NEXT GAME ON TRIP

(By The Associated Press)  
Southwest Conference stay-at-homes practiced Thursday for Saturday's gridiron engagements while two touring members headed for intercollegiate battles.

The Texas Aggies, jubilant over their 38 to 14 Armistice Day rout of the University of San Francisco, moved toward Salt Lake City to take on the University of Utah in their third contest in eight days.

While the University of Texas campus buzzed with speculation over the successor to Coach Jack Chevigny upon his retirement Feb. 1, the Texas Longhorns were en route to Minneapolis for their clash with the mighty Gophers of Minnesota.

Southern Methodist and the University of Arkansas meet in the week's only conference struggle. The remainder of Saturday's schedule pits Texas Christian against Centenary, Baylor against Oklahoma A. & M. and Rice against San Houston Teachers.

Coach Matty Bell at Southern Methodist put the Mustangs through a round of blocking practice in an effort to develop better protection for Methodist passers. The Ponies worked also on a defense against the aerials they expect Jack Robbins and Dwight Sloan to hurl against them.

A brief workout was the order of the day for the Arkansas Porkers as they prepared to entrain for Dallas. Coach Fred Thummen stressed defense and blocking in Wednesday's lengthy practice session.

SANDIES AND MCKINNEY LIONS WIN MAJOR GAMES  
Dallas, Nov. 12. (AP)—Amarillo's Golden Sandstorm blew over Lubbock and McKinney defeated Greenville in feature games of the Armistice Day card in Texas interscholastic league football.

Amarillo's 37-0 victory made the Sandies overwhelming favorites to again reach the finals of the State race. Berger and Pampa, neither considered strong competition, remain in Amarillo's path.

McKinney won over Greenville 15-7 to virtually clinch the District 6 championship. Only Sulphur Springs remains for the Lions to defeat for a clear claim to the crown.

Athletes played in the race for the old belt title by beating Breckenridge 14-0.

## A Popular Fallacy.

The Supreme Court Monday held unconstitutional a chain store tax in Iowa. The decision was by a vote of 6 to 2. Justice Stone was ill and did not participate in the decision. The point of chief interest, however, was that news dispatches reported that the decision re-emphasized the liberal-conservative cleavage among members of the Court. This shows how absurd a popular notion can become.

Following some of the decisions involving so-called liberal interpretations of the law critics of the Supreme Court, including some high officials in the Roosevelt Administration, said five reactionaries were blocking progress. To avoid unbecoming references to the Court some of the more cautious critics referred to a majority of the Court as conservative and the minority as liberal.

These descriptions gained such currency as to become fairly well fixed in the popular mind, although there was little justification for them. Some of the decisions concerning the New Deal were by unanimous vote of the nine justices. Others were rendered by varying votes, 6-3, 7-2 and 5-4. To still further refute the popular notion that the justices were following a certain line of cleavage the votes showed some of the so-called liberal justices switching to the conservative view and some of the so-called conservatives joining with the so-called liberals.

Some commentators even went so far as to try to make out a division of the justices along party lines. They said a majority of the Court was Republican and therefore a Democratic administration couldn't hope to get a fair consideration of its policies. The absurdity of this was shown by the fact that in a number of the important cases involving the New Deal Republican justices voted to approve Democratic policies, while Democrats held them unconstitutional.

But the absence of facts upon which to base an opinion is a small matter to those who wish to believe a certain thing and this experience shows how easily a fallacy can be accepted as fact, when it originates in respectable quarters.

## Our Cotton Situation.

The Government cotton crop forecast of 12,400,000 bales was given as the cause of a drop in cotton quotations. The trade had expected a somewhat lower estimate and the market reacted accordingly. Some will seize upon this circumstance as additional proof that Government crop forecasts adversely affect the interests of the farmer, although the estimates influence price increases as often as they do declines.

But the point of major interest in the cotton situation is not the effect of Government estimates on the prices nor whether the crop forecast should be continued, or made less frequent. The unpleasant fact to contemplate is that foreign production has been greatly increased in the past three years and the South no longer dominates the world cotton situation. Increase in foreign production has more than offset the curtailment of production in this country.

This development has had the result of neutralizing to some extent at least the effects of curtailment of American production as a means of reducing the surplus. There is some

## BARBS

"Storks are slow in leaving England this year." Perhaps they're frightened by rumors of sweatshop conditions in Italy and Canada.

"Artificial Yank Decried in Reich." This is no news to long-time students of Nazi propaganda.

"America Hails New Tung Oil Industry." Dora believes that liberal use of the product would have made certain broadcast political speeches hearable.

The original "Old Mill Stream" is being improved. A recent visit to a tavern suggests a little face-lifting for Adeline.

Except for a little vigilance, it was practically no trick at all for a local trailer home owner to keep alongside his garage can on Halloween. (Copyright, 1936, NEA Service, Inc.)

question, of course, whether we should have been able to avoid disaster without crop curtailment, or at least some means of rescuing the cotton industry in this country from what appeared to be certain collapse. Likewise there is room for doubt as to whether we adopted the best method of aiding the cotton farmer. Some argued for a domestic allotment plan that would have paid a bounty on cotton consumed in this country and allowed the surplus production to go on the world market at whatever price it could command.

Certainly the latter plan offered a better prospect of retaining world markets and it was favored by a number of high Government officials. It was claimed with good authority that both President Roosevelt and Secretary Wallace favored this plan and abandoned it reluctantly in the face of insistence from the old South. Something had to be done quickly and rather than delay adoption of a plan the advocates of the domestic allotment plan yielded.

But regardless of considerations of that nature, which are now little more than suitable topics for post mortem debates, the vital fact is that of a world crop of 30,000,000 bales this year the United States is expected to produce 12,400,000 bales. Obviously there is no longer much point to discussing ways of controlling the cotton market when the American crop has dropped from 56 per cent of the world crop to 41 per cent. Our problem now is to find a way to regain our position in the world markets or find something to take the place of what we have lost in cotton.

## Red Cross Lists Value of Flood Aid Given Texans

St. Louis, Nov. 12. (AP)—William M. Baxter, Jr., Midwest area manager of the American Red Cross, announces the agency last week completed rehabilitation work among 9,000 victims of the September flood in the Concho Valley and Brazos River. He places total Red Cross expenditure at \$141,915, including \$47,277 subscribed by Texas citizens. Although the Concho River flooded parts of five counties, two-thirds of the damage was confined to San Angelo, where 800 homes were demolished or damaged, Baxter says. At Lampasas 200 residences were struck. Altogether, 1,098 families turned to the Red Cross for assistance.

Baxter says the Red Cross helped 1,057 families, mostly residents of Waco, after the Sept. 27 flood. As only 170 homes were seriously damaged, the task of rehabilitation was not as heavy as in the inundation earlier in the month.

## CONGRESS TO DECIDE POLICY FOR CENTENNIAL EXHIBITS

Uvalde, Texas, Nov. 12. (AP)—The Federal centennial commission plans to hold all its exhibits at the Dallas world's fair intact until Congress meets and decides what policy shall be followed next year, William B. Yeager, secretary of the United States centennial commission said Wednesday.

Yeager conferred here with Vice President John N. Garner, chairman of the commission. "The situation at Dallas has not crystallized itself to the point where a decision can be made on the policy of continuation," Yeager asserted. "For the present our plans are to hold all the exhibits intact until the course is determined by Congress."

## COMMERCIAL FAILURES IN TEXAS SHOW DECLINE

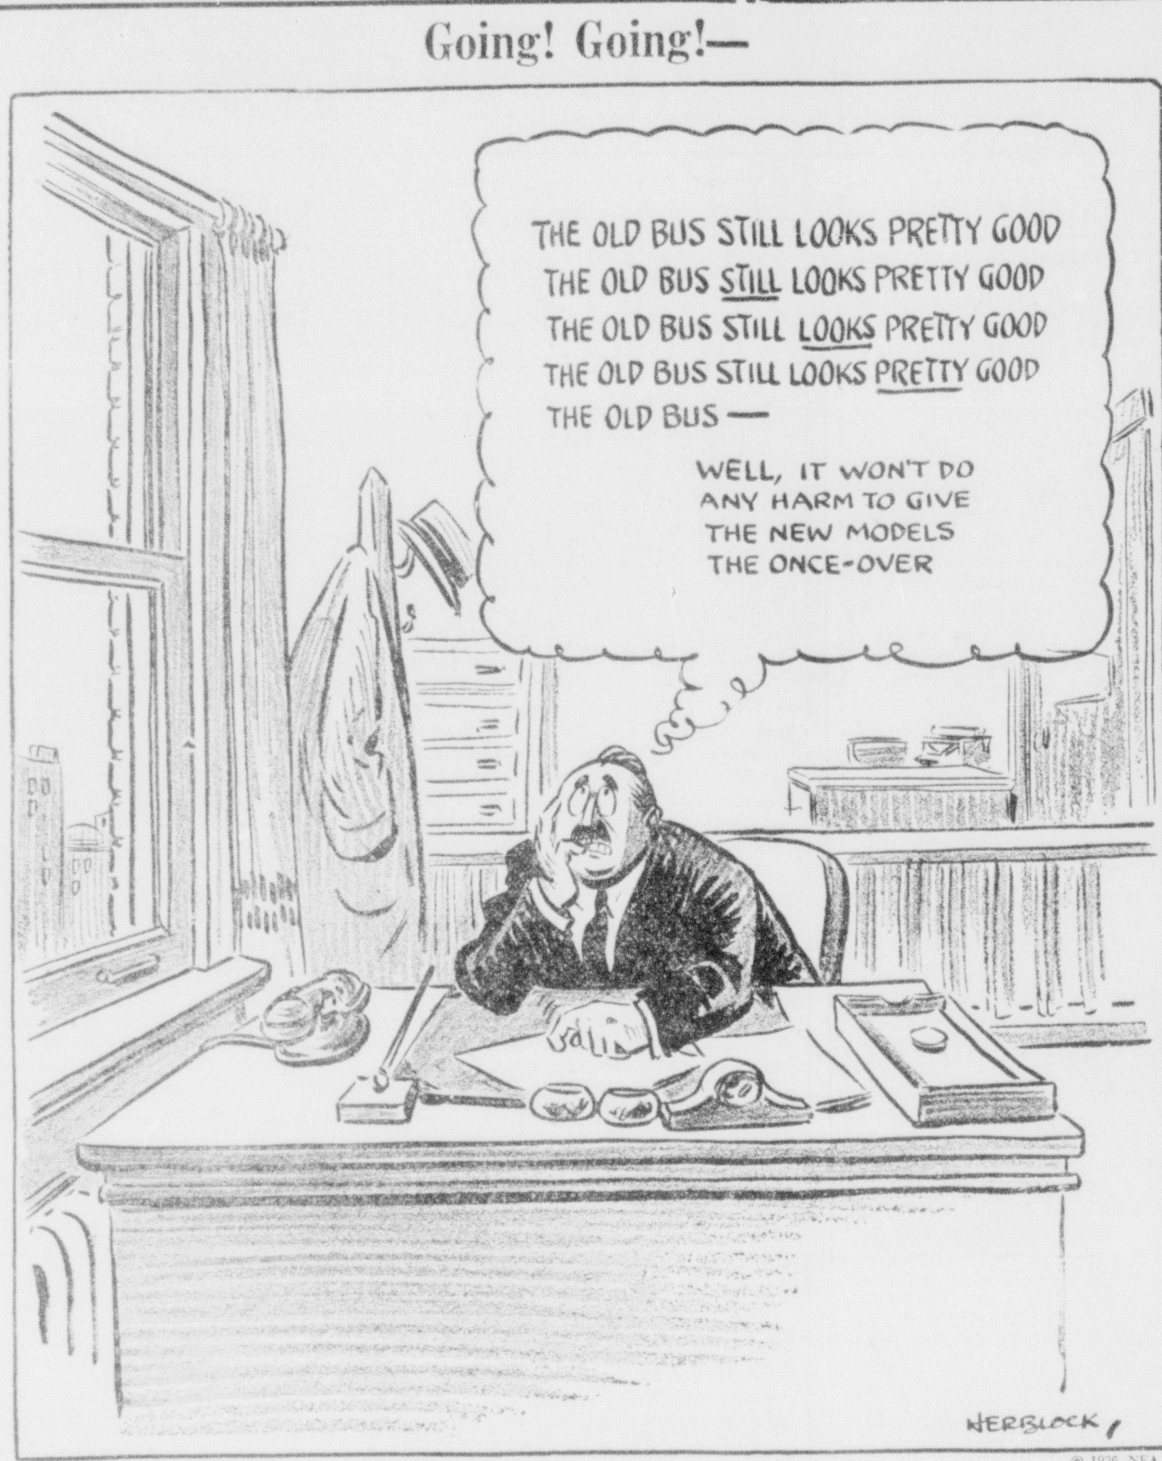

Austin, Nov. 12. (AP)—The University of Texas Bureau of Business Research says commercial failures in Texas during October decreased in comparison with the preceding month and the same month last year.

Liabilities of the bankrupt firms also declined sharply, it reports. There were seven failures in October, against nine in September, and all in October, 1935. Liabilities of the bankrupt firms totaled \$62,000, a decline of 45.6 per cent from the preceding month, and 61.2 from the corresponding month last year.

## MARCONI PREDICTS SPANNING OF ATLANTIC BY TELEVISION

New York, Nov. 12. (AP)—Guglielmo Marconi, father of radio, said Wednesday he believes television soon will span the Atlantic just as does sound radio today.

"It will soon be able to see each other by trans-Atlantic television," he told David Sarnoff, president of the Radio Corporation of America, in a four-way international broadcast to celebrate the National Broadcasting Company now celebrating its 10th anniversary week. He spoke from his yacht at Genoa, Italy.

## TEXAS BOOSTS PARTY FUND

## CONTRIBUTIONS IN STATE RANK SECOND ONLY TO FUND IN NEW YORK

Austin, Nov. 12. (AP)—Contribution of Texas Democrats to the Roosevelt-Garner campaign fund exceeding those of any other state in the Nation with the exception of New York. State Campaign Director Roy Miller announced here.

With this State's contributions already approximately \$275,000, or \$25,000 in excess of the quarter-million-dollar quota fixed by the Democratic National committee, each mail delivery brings more funds from rural sections of the State.

But a national party deficit of approximately \$500,000 exists, Mr. Miller was notified by national headquarters in New York, and Texas Democrats will be asked to do their share by helping to balance the Democratic Party's books.

"I have not yet been notified of the amount this State will be expected to raise, but I am certain that we shall have little trouble in raising it, if our campaign is as successful as the pre-election drive for funds," Mr. Miller declared.

The Texas campaign fund this year was made up of the largest number of individual contributions ever made to any political campaign in the history of the State, Mr. Miller said. He estimated that more than 20,000 individual donations to the party's "war chest" were received from Texas Democrats.

Fifteen thousand postcards, used to acknowledge contributions of one dollar or less, with mailed to contributors from state headquarters. Some of the contributions were as low as six cents.

Official and employees at headquarters here were busy this week preparing a tabulated report showing the amount of contributions received from each Congressional district in the State and from each county in the State.

## TEXAS DEMOCRATS TO BE ASKED TO CONTRIBUTE \$50,000

Austin, Nov. 12. (AP)—Roy Miller, State Democratic campaign director, was informed Wednesday by W. Forbes Morgan, Democratic national treasurer, that Texas Democrats will be asked to contribute an additional \$50,000 to put the national party "in the black."

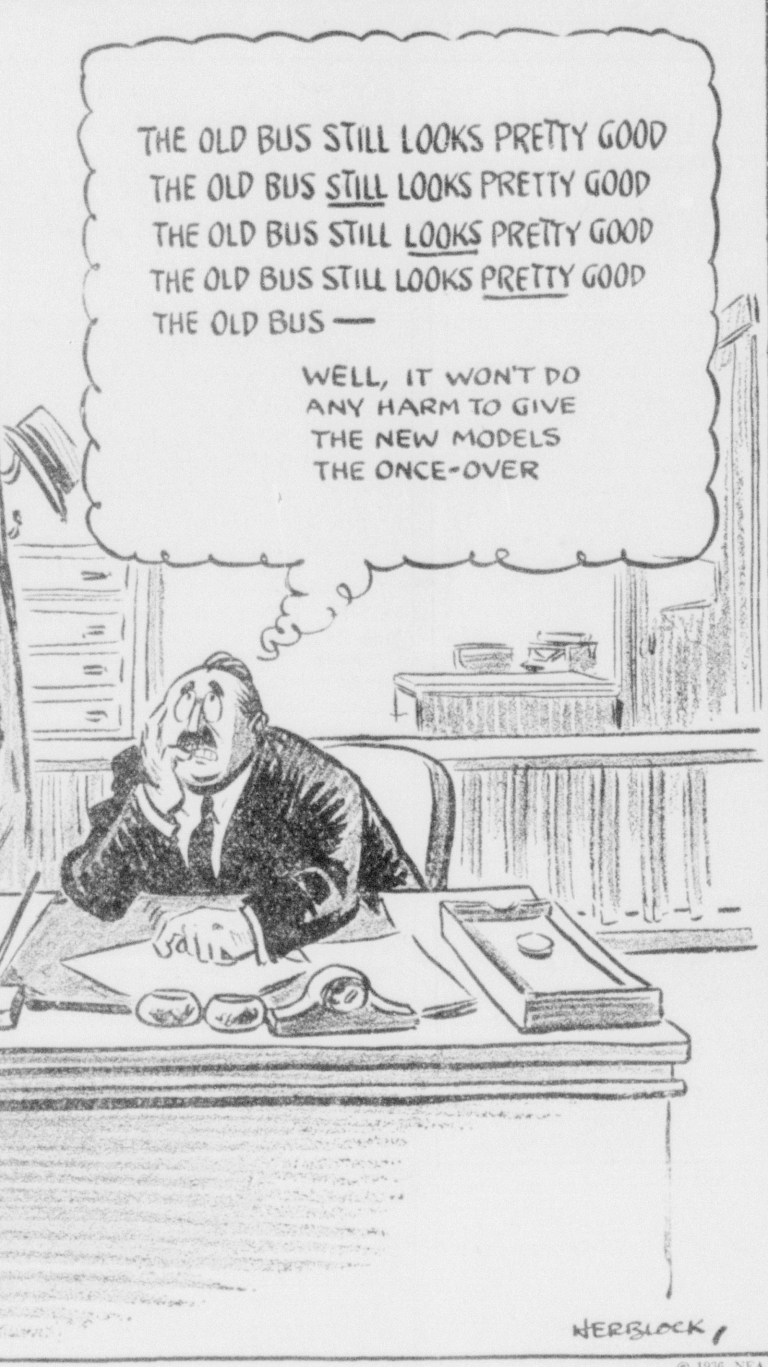

A deficit of approximately \$500,000 existed, Morgan said, and campaign organizations in various states were urged to begin a post-election campaign for funds with which to wipe out the deficit.

Charles Diesinger, owner of the shop on the fourth floor of a bank building in the heart of the downtown business district, told detectives the men entered the shop while an Armistice Day parade was passing nearby.

While one of the men held them at pistol point, he said, the others bound and gagged him, and the two clerks, Charles Weiss and Florence White.

Cattle Shipped Out. Skellytown, Nov. 12. (AP)—Drought conditions on the range in this section have caused removal of nearly 1,000 head of cattle to better pastures.

## Going! Going!—

## MESQUITES ERADICATED TO IMPROVE PASTURE

Llano, Nov. 12. (AP)—Erwin Bauer, young rancher of Llano County, is eradicating mesquite timber as a measure of soil conservation.

Late in the Summer Bauer killed the mesquites on 250 acres of his place and reports the grass around the trees is six inches high, whereas no grass grew for 10 feet around the trees before they were killed. Bauer says he is planning to kill every mesquite he owns, and estimates his 500 acres will increase \$5 an acre in value. He says he finds he can run 10 more cows and calves now than he could last Winter and not hurt his land.

Mesquite is valuable only in dry seasons, for paradoxically, it is most prolific in dry years. The beans serve as excellent food for horses, cows, and hogs, and the leaves, green and dry, form an edible diet. In some places this timber is used for wood, but in this section different types of oak are preferred. Due to the rapid growth in the last decade, what formerly was open grazing land now is heavily wooded with mesquites and finger pears.

Bauer uses a simple method in the eradication—a paint brush and a bucket of kerosene oil. The bark around the tree just above the ground is wet thoroughly, and the trees soon shed their leaves and die. In only a short time the effect can be noticed.

Poultry Show Set. Clarendon, Nov. 12. (AP)—The first exhibit of the Donley County Poultry Show will be held here Dec. 10, 11 and 12.

By I. S. Klein  
BEARERS OF HEROIC DEAD

ONE of the greatest operatic masterpieces produced by Richard Wagner, famed German composer, is "Die Walkure," or "The Valkyries," name of the nine daughters of Wotan, ruler of Walhalla, and Erda, the earth goddess. On their flying steeds they carried the bravest of war dead to Walhalla.

Brunnhilde, fairest of the nine, sought to protect Siegmund from the wrath of the giant Hunding, who had married Siegmund's sister, Sieglinde, when Siegmund rescued her.

But Wotan interfered, slew both Hunding and Siegmund and decided to punish his fair daughter for her part in the affair. He surrounded her with a wall of fire and decreed that she should be freed only by a great hero who could brave the flames.

This majestic opera, completed in 1856, and presented often throughout the world since 1870, is illustrated on one of the Wagner stamps issued by Germany in 1933.

## QUICK JUSTICE AFFORDED PAIR IN NEW MEXICO

Clovis, N. M., Nov. 12. (AP)—Justice is swift in Curry County.

Two men recently were arrested less than seven hours after being seen leaving the Lee Hammond ranch with a load of grain. Eight hours after the arrests the men pleaded guilty in district court and Judge Harry L. Patton sentenced one under the habitual criminal act to two and a half to five years in prison, and the other to one and one-half to five years.

## Fishing Conditions Good.

Galveston, Nov. 12. (AP)—Abatement of the recent cold snap was the signal for a rush of fishermen to the banks of Offutt's Bayou, and hundreds of speckled trout, reds, sheepshead, and trout were caught. Dolph Rogers, bayou fishing camp owner, says 500 fish were caught in two days. "I passed 25 boats," he says, "and 23 had strings of fish."

School Meet Arranged. Austin, Nov. 12. (AP)—Dr. Harry G. Barnes, professor of Speech at the University of Iowa, will be the speaker at the 18th annual breakfast and section meeting of the Texas Inter-scholastic League at Fort Worth, Nov. 27. Dean T. H. Shelby of the University of Texas division of extension, Unga, at Huber's City Drug Store, will be secretary.

## Gas Supply Checked.

Dalhart, Nov. 12. (AP)—When an automobile belonging to Phil Spivey, Hartley County Deputy Sheriff, was stolen, the deputy said, "That was the beginning of gasoline to go 84 1/2 miles." It was found abandoned at Panhandle, 85 miles away—and out of gas.

Crows Deluge Farmer. Mooreland, Okla., Nov. 12. (AP)—Sam Wrenth, farmer, reported crows so thick in his kaffir field that he was unable to get rid of them either by poison or shooting.

Pueblo Indians of the southwest kept turkeys long before the coming of the white man.

## HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 Miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of nagging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 Miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## WPA APPROVES NEW PROJECTS

## CROWELL AND QUANAH GET ORDERS TO GO AHEAD ON CIVIC WORK

San Antonio, Nov. 12.—Authorization of 55 Works Progress Administration projects during the past week will provide jobs for 4,121 workers, State Administrator H. P. Drought announced today.

Federal allotments of \$66,182 and sponsors' funds of \$311,653 made possible the operation of the projects recently approved.

More than 2,500 workers will be employed on farm-to-market road projects, covering proposed improvements of 306 miles of rural Texas roadway. Approval was granted for 21 road projects in Hall, Hansford, Tarrant, Wise, Real, Fannin, Collins, Lamb, Schleicher, Milam, Cherokee, Curry, La Salle, Tom Green, Guadalupe, Ward and Concho counties.

School building and campus improvement projects were approved in eight Texas localities. Such work was sponsored by Wharton, Millersville, North Texas Agricultural College at Arlington, Kingsville, Buffalo Springs, Wallis, Somers, and Hull-Daisetta school districts.

Community sanitation work was sponsored by the State Health Department in Orange, Kirbyville, Tyler, and Nueces County. San Augustine and Nacogdoches counties sponsored similar projects and a malaria control project was set up in Shelby County.

Improvements and extensions to city water and sewer systems were approved for Dallas, Crowell, Gainesville, Center, and Floresville. City street paving was authorized for Banham and a project for beautification of public property was sponsored by Quanah.

Projects to improve and extend library facilities were made available at Dawson, Midland, Clay County, Hopkins County, Bastrop County, and at the Carrollton and Seagoville school districts in Dallas County. The University of Texas geological survey was extended to Runnels County and an excavation project sponsored by the West Texas State Teachers College at Canyon was authorized. Funds were made available for a canning plant at San Marcos.

Tobacco Crop Success. Clarendon, Nov. 12. (AP)—The Panhandle's first tobacco crop is called successful by P. O. Naylor, who brought seed from Canada. N. C. He says the tobacco is of fine grade.

# HALF-ACRE in EDEN

BEGIN HERE TODAY

MARCIA CANFIELD, daughter of wealthy PHILIP CANFIELD, knows that the neighborhood is buzzing with gossip over the sudden disappearance of FRANK KENDRICK, whose engagement to Marcia has been announced.

Since his disappearance, a shortage in Kendrick's business accounts has been discovered.

Refusing to let others know how deeply she has been hurt, Marcia, who is interested in amateur dramatics, goes to the try-outs of the Stagecraft Guild to try for a part in the new play.

NOW GO ON WITH THE STORY

CHAPTER II

The Stagecraft Guild's casting committee awaited the ambitious talent of the village in the Bobbsieck Community Auditorium. A few early seekers of roles were seen, in various conditions of nervousness, through the auditorium itself, while the seven members of the committee had withdrawn to a private room to pass the time until 8:15 o'clock, when tryouts were to begin.

One committee had chosen the play; the casting committee would

HAVE THREE KINDS OF LEAVES, AND ALL THREE TYPES MAY BE FOUND ON THE SAME TWIG!

YEARS AGO, PANTHERS WERE CREDITED WITH THE ABILITY TO ATTRACT THEIR PREY BY THE SWEETNESS OF THEIR BREATHS!

IF THERE WERE INHABITANTS ON THE MOON, THE EARTH WOULD APPEAR IN THEIR SKY FOUR TIMES AS LARGE AND 80 TIMES AS BRIGHT AS THE MOON APPEARS TO US.

THE earth reflects sunlight exactly as the moon and the other planets. Since our earth is much larger than the moon, and, unlike at body, is surrounded with clouds of high reflective power, arthlight on the moon is much greater than moonlight on earth.

Neck.

"Why, Mr. Bradford," she said, smiling with some coyness to cloak the scolding she intended to give this agnostic, "you don't really feel that way about it, of course! If you did, you wouldn't have become a member of the Guild in the first place, or have permitted yourself to be elected to our committee in the second place."

"It's these family memberships that did me wrong," sighed Bradford. "Dues, 5 bucks a head, 10 for the family. My wife took a family membership and she put my name on the application. That made me a member. And since I suppose everybody dodges these idiotic committee jobs, someone picked on me and put my name on the ballot at the last election, and here I am, while Joan, the cause of it all, sits at home in comfort. Pardon me! For I was speaking to the members of the committee."

"I just know you're teasing!" said Miss Sellers, who knew that he wasn't.

"Yes, ma'am," said Bradford. "Well, come on, judges. Let's get out there and get it over with. My dear Joan, how I'd love to smack you right on the jaw!"

Two hours sufficed for an elimination review of the talents of the 41 candidates who had appeared for the tryouts, with Miss Sellers on the stage giving them lines to say and acting to perform, while the other members of the committee, scattered "out front," graded them. Two hours, and then the grades were tallied, the chosen were announced and the luckless departed, and the committee and the selected persons assembled anew for the definite assignment of roles.

For this purpose the members of the committee gathered on the stage and compared notes, occasionally calling some person up for a further tryout. It was decided immediately and unanimously that the part of Billy McGuire should go to Ralph Hanson, Jr., whose father had trotted home from the station in an inadequate overcoat a few hours before. Ralph, Jr., was known favorably to his contemporaries in the village, and to his elders he was "that awfully nice Hanson boy."

The \$10 which had paid for his family's membership in the Guild was money he had earned—as he earned all that was spent on himself, at every sort of job he could do and still remain in high school.

The part of Sally, Billy's sister, went without debate to Helen Waddell, Marcia Canfield's closest friend, whose father owned the \$20 overcoat. Helen had the attributes of success; she was pretty, and serious, and clever, and she was popular. But at 24 years she could only spend her time wishing she had a job, for there was a parental injunction that people in the village would think they needed the money if she had gainful employment.

The casting went on. The members of the committee found themselves in surprising agreement as the various roles and available players were considered, and where infrequent disagreements developed, they resorted to further tryouts.

At last only two roles were still to be filled, that of Julia, the leading woman, and Emma, Julia's sister. And only two players, of course, remained to be assigned. One was Marcia Canfield. The other was Dorothy Osborn, whose father had the \$47.50 overcoat and unheated automobile.

The committee members conferred. Apparently they could not agree, for Miss Sellers stepped forward and addressed the players who were her audience.

"Two parts remain," she said. "One is Julia, who, as you probably know, is the heroine of 'Half-Acre in Eden.' Julia finds the path of love a very rocky path, indeed. The other part is Emma, Julia's sister, a very jealous and acid sort of woman—

truly a remarkable opportunity for some very fine acting. The committee wishes Miss Osborn and Miss Canfield to come up on the stage again before making a final decision. Miss Osborn, will you come first, please?"

Dorothy went forward and again paraded her histrionic abilities as they were suggested by Miss Sellers. A murmur of polite applause rewarded her.

"Now, Miss Canfield," Marcia went to the stage, read a few lines, struck a few poses, walked in this manner and that manner, as Miss Sellers prompted. Again a murmur of applause.

The committee members bent their heads to confer. Marcia started back to her seat. In the silence which awaited the decision, Dorothy Osborn spoke to a girl seated beside her, and her voice carried—it seemed meant to carry.

"Well, Marcia certainly could do the Julia part to perfection," said Dorothy. "She has had such recent and excellent experience in—how did Miss Sellers put it?—the rocky path of love. Just made for the part, don't you think?"

Marcia sat down. No one could have told that she had heard. Or minded.

Mike Bradford, who was not unacquainted with village gossip, had seen, had heard and had understood. He felt more kindly toward his fellow committee-men, then, as Miss Sellers, having polled them for the final verdict, spoke again.

"The committee assigns Miss Canfield to the part of Julia," she announced. "Miss Osborn will play Emma."

path of love. Just made for the part, don't you think?"

Marcia sat down. No one could have told that she had heard. Or minded.

Mike Bradford, who was not unacquainted with village gossip, had seen, had heard and had understood. He felt more kindly toward his fellow committee-men, then, as Miss Sellers, having polled them for the final verdict, spoke again.

"The committee assigns Miss Canfield to the part of Julia," she announced. "Miss Osborn will play Emma."

Bradford caught up with Dorothy Osborn half-way to the exits, as the crowd started homeward.

"You'll knock 'em into the aisle as Emma," he said. "Baby, you were born to the part!"

Dorothy could only glare, and Mike Bradford thereupon continued home in such high humor that he forgot to pick another of a series of quarrels with his wife over having gotten involved in the affairs of the Stagecraft Guild.

## STATE LIBRARY PLANS TALKED

### TEXAS ASSOCIATION HEAD OUTLINES BENEFITS UNDER NEW BILL

Austin, Nov. 12. (P)—Miss LeNoir Dimmitt, president of the Texas Library Association, says equalization of educational opportunities will be brought about if proposed legislation providing for State participation in library support is enacted. "The public library has long proved its right to be classed with educational institutions," she says. "As much an institution, it is entitled to aid from the State much as the public schools receive."

The plan for State aid was developed by a committee of the Texas Library Association and was endorsed by the association.

"A proposed bill would call for an appropriation from the State's general revenue fund of \$750,000 for the biennium 1937-39," Miss Dimmitt says.

"The agency designated to handle the money is the Texas Library and Historical Commission. An annual sum of \$25,000 would be used for expanding the administrative office to be located in the State library. The remainder would be apportioned among the library districts, probably 10 in number, into which the State would be divided."

"Districts would be set up under the supervision of the administrative office, each one to have its own library staff, book fund, etc. In this way, the resources of the local libraries would be supplemented by the district libraries, and localities without libraries would have books placed within their reach. Advisory assistance and aid in organization would also be available from specialists who would be connected with the administrative office."

### SOIL OF TEXAS ADDED TO SITE OF 1939 EXPOSITION

San Francisco, Nov. 12. (P)—The soil of Texas was added Wednesday to that of five continents on the site of the 1939 Golden State International Exhibition.

Grace Pfaff, mascot of the Texas A. & M. football team, and her grid-iron escorts, Joe Wessendorf and Joe Turner, poured earth from the Lone Star State on Exposition Island in the center of San Francisco Bay.

Mrs. Homer Norton, wife of the Texas Aztec football coach, joined in the ceremony.

### WAGE INCREASE ANNOUNCED BY JOHNS-MANFIELD CO.

Somerville, N. J., Nov. 12. (P)—Wage increases for 1,500 employees of the Johns-Manville Company at Manville and approximately 2,000 workers at the Calco Chemical Company, Bound Brook, have been announced.

A. R. Fisher, general manager of Johns-Manville, said a 5 per cent increase for all hour and piece workers would go into effect Monday.

J. H. McMurray, Calco general manager, said a 5 per cent increase has been put into effect for all employees getting less than \$2,500 a year.

### ARMISTICE DAY BOY WEIGHS 28 OUNCES; 7 INCHES IN LENGTH

Oakland, Calif., Nov. 12. (P)—The stork celebrated Armistice Day by leaving a 28-ounce son for Mrs. Eleanor Altrava, 25, of Oakland.

The young man measures only seven inches in length. He was placed in an incubator and for a time will be fed with an eye dropper.

### Dairy Show Planned.

Plainview, Nov. 12. (P)—The tenth annual Panhandle-Plains Dairy Show will be held here April 21 to 24 next the directors announce.

## In "The Crime of Dr. Forbes"

Gloria Stuart and Robert Kent are pictured in a scene from "The Crime of Dr. Forbes" playing a one-day engagement at the Vernon Theater Thursday. Miss Stuart has appeared recently with Shirley Temple in "The Poor Little Rich Girl" and with Warner Baxter in "The Prisoner of Shark Island."

### AGED SALT LAKE WOMAN GIVES VIEWS ON GIRLS

Salt Lake City, Nov. 12. (P)—Mrs. Ruth May Fox at the threshold of 83 says she's no prude—but she can't abide bare backs and bare legs for girls.

As "guardian" of nearly 70,000 young women, she said, she considers such immodesty "one of the greatest temptations for evil."

Mrs. Fox, who crossed the plains by ox team when she was 12, is president of the Young Women's Mutual Improvement Association, a Latter Day Saints Church group of 69,000 members. She will celebrate her eighty-third birthday Monday.

"I don't think the young men care to see girls wearing backless dresses either," asserted the gray-haired mother of 12 children, 19 of whom are still living.

"And, though I don't want to seem prudish, I think girls should refrain also from beer-drinking and smoking."

Mrs. Fox admitted that girls today are stronger-willed than they used to be—"when they want something, they want it." But she quickly denied she believed the younger generation was going to the dogs.

### Embalmer Decorated.

Peiping, China, Nov. 12. (P)—Dr. Paul Stevenson of St. Louis, Mo., who embalmed the body of the late Sun Yat Sen when the "father of

## Farm Conference On Soil Program Set at Brenham

College Station, Nov. 12. (P)—C. A. Cobb, of Washington, D. C., Southern regional director of the AAA, will be in charge of an all-day conference of county and community committeemen Nov. 13 at Brenham, sponsored by the Extension Service of Texas A. & M. College. H. H. Williamson, extension director, announces. Approximately 800 farmers, representing 65 south and central Texas counties, are expected.

The meeting, open to all farmers, will be to discuss the present agricultural conservation program and to obtain suggestions from committeemen as to how the program may be improved for 1937. A large part of the program will be devoted to an informal forum in which the farmers will be asked to take part.

A number of prominent speakers have been invited, including President T. O. Walton of the college. Congressman J. P. Buchanan of Brenham, J. J. Mansfield of Columbus, Luther Johnson of Corsicana, Nat Patton of Crockett, R. J. Kleberg of Corpus Christi, Congressman-elect W. R. Ponce of Waco, and Albert Thomas of Houston. Congressman Kleberg, a member of the House of Representatives' agricultural committee, and Mr. Cobb will speak during the morning program. Dr. Walton will introduce the other speakers during the afternoon session.
